RISK FACTORS

The purpose of this section is to enable a potential investor to assess the relevant risks related to their potential investment in the Bonds in order to make an informed investment decision. The below risk factors are therefore limited to risks that, in the meaning of Regulation (EU) 2017/1129, are material and specific, to the Issuer and its holdings in the subsidiaries, Fastpartner AB (publ) (“Fastpartner”), Henrik och Sven-Olof Fastigheter AB (“HS-fastigheter”), the Group and the Bonds.

Almost all the Group’s properties are owned by Fastpartner and consequently a majority of the Group’s operations are conducted by and the Group’s assets and revenues relates to Fastpartner. Therefore, the risk factors included in this section are predominantly connected to Fastpartner.

The manner in which the Issuer and the Bonds may be affected by each risk factor is illustrated by way of an evaluation of the materiality of the relevant risk factor based on the probability of it occurring and the expected magnitude of its negative impact, for the purpose of which the probability is estimated as “low”, “medium” or “high” and the magnitude of negative impact if it would occur as “low”, “medium” or “high”. The most material risk factor in a category is presented first under that category, whereas subsequent risk factors in the same category are not purported to be ranked in order of materiality.

RISK FACTORS SPECIFIC AND MATERIAL TO THE ISSUER AND THE GROUP

Risks related to the Group’s financial situation

Liquidity and refinancing risks

The Group’s business operations are capital intensive and access to external financing is a basic prerequisite for the Group in order to developing a successful business. The Group mainly finances its business by way of loans from credit institutions and the capital markets, including bond financings.

Liquidity and refinancing risks refer to the risk of increased cost and/or a limited scope for refinancing possibilities when loans are to be renewed, and that payment obligations cannot be fulfilled as a consequence of inadequate liquidity or difficulties in obtaining financing. If financing cannot be obtained at all, or refinancing cannot be obtained with reasonable terms or only at a materially increased cost, this could have a material adverse effect on the Group’s liquidity and financial position and ultimately the Group’s business.

As of 31 December 2019, the ongoing project investments in Fastpartner amounted to SEK 865.6 million. Historically, the Group has largely obtained financing in the form of loans from the Swedish commercial banks. The Group currently finances its business primarily through equity and interest bearing borrowings. As of 31 December 2019, the Group has loans from credit institutions in an amount of SEK 8,516.8 million, 6 bond loans (whereof one issued by the Issuer and five issued by Fastpartner) in an amount of SEK 4,300.0 million, commercial papers in an amount of SEK 1,460.0 million and other loans in an amount of SEK 119.9 million. In addition to the above, Fastpartner has issued additional bonds under its existing bond frameworks in an amount of SEK 1,100 million during the financial year 2020.

As of 31 December 2019, the debt obligations classified as short-term liabilities with a repayment rate within the next twelve months amounted to SEK 3,628.1 million. The Group is thus continuously in need of being able to refinance their short-term loans. Should it become impossible to obtain refinancing on acceptable terms, it could have a material adverse effect on the Group’s business and financial position.

The Group’s loan agreements as well as the terms and conditions of the bond loans contain certain financial covenants, for example to maintain a certain level of loan to value ratio, interest coverage ratio and leverage ratio. If these special undertakings are not fulfilled by the Group, the relevant creditor may be entitled to accelerate the loans or require amended terms and conditions. Certain loan agreements also include so-called change of control clauses, which means that the creditor can demand repayment of the loan in advance if Sven-Olof Johansson’s

direct or indirect control over the Group ceases. The loan agreements also contain provisions which imply that if any loan agreement is terminated, other creditors are entitled to terminate their loan agreements (cross-default). Should the Group's financing agreements be terminated or securities enforced, it could have a material negative effect on the Group's investment ability and in the long-term access to capital. Furthermore, such termination of lending arrangement would affect the Group's and the Issuer's liquidity in the short term, and hence the Group's business and financial position.

The Issuer considers that the probability of the above risks occurring is *medium*. If the risks would materialise the Issuer considers the potential negative impact to be *high*.

Changes in value and valuation of the properties

The Group is exposed to changes in the market value of its real estate portfolio. The Group accounts for its real estates at fair value in accordance with the reporting standard IFRS 13, which means that each real estates' consolidated carrying amount corresponds to its estimated market value. As of 31 December 2019, the value of the Group's property holdings amounted to SEK 28,366.4 million, whereof SEK 28,172.4 million is attributable to Fastpartner.

If real estate valuations assign lower values to the real estate assets of the Group, it would negatively affect the Group's equity, and hence the financial position. Consequently, decreasing market values of the Group's real estate properties will negatively affect its financial income and balance sheet. The Group conducts property valuations by appointment of external value rating agencies. The valuation is carried out in order to determine the market price as of the date of the valuation. Should such valuation be inadequate or discontinued, it could have a material adverse effect on the Group's financial position.

The value of the Group's properties is affected by factors such as yield requirements and cost of capital derived from comparable transactions on the real estate market. Both property specific deteriorations such as lower rental levels and increased vacancy rates and market specific deteriorations such as higher yield requirements may cause the Group to write-down the value of its properties, which would have a material adverse effect on the Issuer's business and financial position.

The Issuer considers that a decrease in the value of the Group's properties occurring is *medium*. If the risks would materialise, even if temporary, the Issuer considers the potential negative impact to be *high*.

Credit and counterparty risks

The term credit and counterparty risk means the risk of loss if the other party to a contract should not meet its obligations. The Group's credit and counterparty risks comprise of exposure to commercial and financial counterparties. The Group's commercial credit and counterparty risk comprise of financial possessions such as promissory notes, shares and stocks and lease receivables which are distributed on a large number of counterparties. Fastpartner's primary credit and counterparty risk is mainly tenants being unable to fulfil their payment obligations in accordance with their lease contracts as well as certain promissory notes, whereas the commercial counterparty risk for the Group is focused towards larger lenders such as creditworthy credit institutions. Due to the spread of COVID-19, Fastpartner has provided lease discounts for the second financial quarter of 2020 corresponding to an amount of SEK 6.8 million. Fastpartner will receive compensation for half the amount, SEK 3.4 million, from the government through a legislation passed on 2 July 2020 on state aid when certain tenants have received lease discounts (Sw. *förordningen (2020:237) om statligt stöd när vissa lokalhyresgäster fått rabatt på hyran*). It cannot be ruled out that the negative economic effects due to the spread of COVID-19 may have additional consequences in terms of the ability of Fastpartner's tenants to pay and that such consequences cannot be compensated by financial support provided by the government.

Should any such counterparties of Fastpartner, the Issuer or the Group fail to fulfil their obligations vis-à-vis the Fastpartner, the Issuer or the Group, it could have a negative impact on the Group's business and cash flow as well as financial position. There is also a risk that Fastpartner would need to terminate lease agreements with tenants

not fulfilling their obligations. This could result in vacancies and decreased cash flow, which in turn would adversely affect the Group's business and cash flow as well as financial position.

The Issuer considers that the probability of the above risks occurring is *high*. If the risks would materialise the Issuer considers the potential negative impact to be *low*.

Interest expense risks

Interest cost is one of the Group's main cost items. As of 31 December 2019, the aggregate amount of the Group's interest bearing debts amounted to SEK 14,396.7 million. Interest risk is the risk that changes in market interest rates affect the Group's net interest income negatively, as well as the risk that changes in the interest level negatively affect the Group's interest costs. Changes in market interest rates are mainly due to expectations of the inflation rate. Short-term interest rates are mainly affected by the repurchase rate (Sw. *reporäntan*) set by the Swedish Central Bank (Sw. *Riksbanken*). A longer average interest period on the Group's financing arrangements will result in a longer period before any changed interest rates affects the Group's interest costs. Furthermore, a larger share of fixed interest periods would make the Group less sensitive to fluctuations in market interest rates. As a large share of the Group's financing arrangements bear a floating interest rate, even a small change in market variable interest rates would have a large impact on the Group's interest expenses. During the financial year ended 31 December 2019, Fastpartner's average interest rate amounted to 2.00 per cent.

In a longer perspective, changes in interest rates, irrespective of variable or invariable rates, have a material effect on the Group's profit and cash flow. Furthermore, an increased level of interest rates and increased interest costs could have a material adverse effect on the Group's and the Issuer's business, results of operations and financial position.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *high*.

Changes in the value of interest rate derivatives

The Issuer's subsidiaries currently uses, and has historically used, interest rate derivatives for hedging of financial risks. The interest rate derivatives are accounted for at fair value in the balance sheet and changes in value simultaneously accounted for in the profit and loss account. As the market interest rates change, a theoretical deficit or surplus value arises which is not influencing the cash flow. At the end of duration, the value of the derivatives is always zero. During the financial year 2019, Fastpartner's results were negatively affected by SEK -32.5 million in unrealised changes in the value of its interest swap agreements. Interest swap agreements are paid at a fixed interest rate, but as the market value of the interest rate derivatives decreases if the market interest rates fall, such decrease in market interest would negatively affect the balance sheet of the relevant Group company and hence the Issuer's financial position.

The Issuer considers that the probability of the above risks occurring is *medium*. If the risks would materialise the Issuer considers the potential negative impact to be *low*.

Risks related to financial holdings and other investments

The Issuer invests indirectly in real estate assets through Fastpartner and HS-fastigheter, as well as directly in shares and other instruments that are listed and traded on regulated markets or multilateral trading facilities. As of 31 December 2019, the value of the Issuer's share portfolio amounted to SEK 1,839.6 million. Such assets and instruments are exposed to market price fluctuation which could have a negative impact on the value of the Issuer's assets and the creditworthiness of the Issuer, which in turn ultimately could impact the business operations of the Group and the Group may be negatively affected.

The Issuer is dependent on its subsidiaries and other investments, especially its financial holdings, to obtain dividend income. If subsidiaries or financial holdings fail to provide dividend income, the Issuer's cash flow could be negatively affected, which could have material negative impact on the Issuer's business, results of operation and financial position.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *medium*.

Market risk

Macroeconomic factors

The real estate market is to a considerable degree affected by macroeconomic factors such as the general economic climate and economic trends, economic growth, employment rate, the rate of construction of new housing and commercial premises, changes to infrastructure and demographics, population growth, inflation and/or interest rates. The economic growth affects the employment rate, which is an important factor regarding, for example, demand in the lease market and tenant solvency and therefore affects vacancy rates and rental levels. The real estate market is also affected by the spread of COVID-19 and its financial effects on the world economy and the Swedish economy. Societal lock-downs have affected the economy and unemployment, which in turn risk affecting supply and demand in the lease market, but also tenants' ability to pay rent in the event of a lack of liquidity. The long-term economic effects due to the spread of the virus are still uncertain, but risk resulting in reduced income to the extent that the vacancy rate, rental levels and tenants' ability to pay rent are negatively affected.

The Group's major cost item consists of the cost of interest-bearing borrowings to credit institutions and the capital market. Hence, the expected inflation rate affects interest rates and consequently the Group's net income. In a long-term perspective, changes in interest rates may have a significant impact on the Group's financial results and cash flow. Inflation also affects the Group's operating costs. In addition, changes in interest rates and inflation also affect the required rate of return and thus the market value of the Group's properties.

A major share of the Group's commercial lease agreements completely or partially tied to the Swedish consumer price index (Sw. *konsumentprisindex*), and are therefore completely or partially adjusted for inflation. Should the Group's costs be such that they cannot be compensated by the increase in leases in accordance with the inflation-driven indexation, it would negatively impact the Group's results of operations and hence the Issuer's results of operations. Furthermore, there is a risk that group companies, including Fastpartner, will not at all times be able to sign rental agreements that completely or partially compensate for the inflation, which would negatively impact the Group's profit.

Higher vacancy rates and interest rates, rising costs and lower lease rates could have a material adverse effect on the Group's business, results of operations and financial position.

The Issuer considers that the probability of the above risks occurring is *medium*. If the risks would materialise the Issuer considers the potential negative impact to be *high*.

Risks related to the Group's business activities and industry

Acquisitions

Acquisitions and divestment of properties are part of the Group's ongoing business. For example, during the financial year ended 31 December 2019, Fastpartner acquired four properties with an aggregate book value of SEK 2,443.0 million. Acquisitions of properties are inherently associated with risks, *inter alia*, lower than anticipated rental income, environmental contamination or technical problems. Should unfavourable environmental conditions and/or technical problems arise in relation to acquired properties, and if such risks are not identified within the framework of the due diligence process or compensated for through warranties under the relevant acquisition agreement, such acquisitions may turn out costly and not be compensated by any gain from such transaction, which in turn would negatively affect the Group's business and financial position.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *medium*.

Rental income and the development of rents

The main business of the operating companies, including Fastpartner, in the Group is to own and manage properties. Consequently, rental income constitutes the Group's major source of income. As of 31 December 2019, the Group's yearly rental income amounted to SEK 1,701.7 million and the lease ratio amounted to 91.0 per cent. During the financial year ended 31 December 2019, the average lease period for the Group's lease agreements was approximately 4.7 years. A decrease in rental income and increase in vacancies could result in lower property market prices in general and for the Group specifically, which could have a negative effect on both the valuation of the properties and the Group's operating income.

As of 31 December 2019, the Group's ten largest tenants accounted for 19 per cent of the total contracted rental income, of which the largest, being Nasdaq, accounted for 4 per cent. The Group is hence dependent in its larger tenants in order to maintain a stable cash flow. Should the Group's larger tenants refrain from renewal or extension of their rental agreements on, or before, the expiration date, this could eventually lead to a decrease in rental income and increase in vacancies, the consequence of which is lower revenues, which in the long term could result in lack of liquidity and ultimately affect the Issuer's ability to service its debt under the Bonds.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *low*.

Project development

The Group continuously refines its property portfolio and during the financial year ended 31 December 2019, investments amounting to SEK 811.9 million were made in existing properties and projects. As of 31 December 2019, the remaining investment volume for the Group's ten largest ongoing projects amounted to approximately SEK 297 million. The Group's operations also include project development and the Group has an extensive portfolio of unutilised building rights in various planning phases. Project development refers to both new construction as well reconstruction of existing buildings.

The Group's operations include project development operations and primarily Fastpartner has a comprehensive portfolio of unutilized building rights in different stages. As project development refers to both new construction as well reconstruction of existing buildings, it is necessary for the Group to carry out such operations with maintained profitability, which is dependent upon factors such as the Group's access to necessary skilled personnel within *e.g.* building, design and architecture, as well as obtaining licensing and government approvals and successful procurement of contracts. Furthermore, a successful project development requires ongoing supply and financing of new projects on acceptable terms. The possibility of implementing projects with economic profitability can also be dependent on, *inter alia*, if the projects do not adequately respond to market demand, if demand or rental levels in general change, inadequate planning, analysis and cost control, changes in taxes and fees or other factors that can lead to delays or increased or unforeseen costs attributable to the projects.

There is a risk that the Group may not receive government decisions or permits that are necessary for project development, or that changes in permits, plans, regulations or legislation, including the possibility to exploit building rights within certain zoning plans (Sw: *detaljplaner*), will cause projects to be delayed, to be more costly, to deviate from expectations or to be impossible to carry out at all. Should one or more of the above factors occur or risks materialise, it could have a material adverse effect on the Group's business, financial position and results.

The Issuer considers that the probability of the above risks occurring is *medium*. If the risks would materialise the Issuer considers the potential negative impact to be *low*.

Exposure towards changes in operating costs

A material cost item for the Issuer's subsidiary Fastpartner is operating costs comprising of *inter alia* electricity, heat, water, tax on real estate and site-lease rents. As of 31 December 2019, the Group's property operating costs amounted to SEK 554.2 million, whereof site-lease rents amounted to SEK 31.2 million.

Rising costs for electricity, heating, water, tax on real estate and site-lease rents entail increased costs for Fastpartner and the Group to the extent any such increased costs, especially with regard to electricity, are not

compensated through that the costs can be borne by tenants in the lease agreements. The consequences of any such increased costs are lower profits derived from property management and a negative effect on key ratios. Such increased costs could therefore have a material adverse effect on Fastpartner's business and results of operation, and hence the Issuer's results of operation and financial position.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *low*.

Legal and regulatory risk

Reputational damage

The Group's ability to attract and retain tenants as well as its ability to obtain financing on acceptable terms is dependent on its reputation and, consequently, Group's business is sensitive to risks related to reputation damage. If, for example, the Issuer, the Group, any of its senior management or directors were to act in a manner that conflict with the values of the Issuer and the Group, or if any real estate projects do not meet the expectations of the market, there is a risk that the reputation is damaged. Further, there is a risk that any Group internal policies in relation to, *inter alia*, bribery and corruption, are not adhered to, and that the Issuer does not effectively detect and prevent violations of applicable laws and regulations. Penalties and Sanctions (as applicable) as well as negative publicity, negative rumours or other factors could impair the Group's reputation and lead to reduced competitiveness, take up managements' time and resources, impair the Group's ability to obtain external financing as well as cause other costs, which could have a material adverse effect on the Group's business, results of operation and financial position.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *medium*.

Exposure to changes in legislation and taxes

Changes in legislation relating to landlords and tenants, as well as legislation relating to acquisitions, taxes or the environment, or changes in the legal usage applicable to the Group's or its tenants' business, may have a negative effect on the Group's business.

The Group's operations may also be affected by changes in existing accounting standards which applies to the Group's operations, including, for example, IFRS and other international accounting standards. For example, the introduction of IFRS 16 had a negative effect on the Group's equity/assets ratio by approximately one per cent., as the Group values the right of use and the lease liability at present value of future lease payments. Such changes may also give rise to uncertainty regarding the Group's accounting, financial reporting and internal control, which may affect the Issuer's reported profit, balance sheet and equity.

Changes in tax legislation relating to companies and properties, as well as other government fees, may affect the conditions for the Group's operations, including the possibility of implementing property development projects, and may have negative effects on the Group's financial results.

On 1 January 2019, new Swedish tax legislation entered into force relating to, among other things, interest deduction limits for the business sector. The legislation is based on EU Directive 2016/1164 concerning the establishment of rules against tax avoidance practices that directly affect the functioning of the internal market and involve an overall limitation on interest deductions in the business sector. According to the legislations, a company's net interest expense, *i.e.* the difference between such company's taxable interest income and deductible interest expenses, will only be deductible up to 30 per cent. of the company's taxable EBITDA (*i.e.* earnings before interest, taxes, depreciation and amortisation). The legislation may cause the Group's final tax allowance, attributable to interest, to decrease as a result of the reduced allowance cap.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *low*.

Internal control risk

Dependence on qualified staff and senior executives

The Group has a relatively small organisation, with 71 employees as of 31 December 2019. The Issuer and the Group's successful development is therefore dependent on individual employees in general and the knowledge, experience and commitment of key employees in particular, including the Issuer's major shareholder and CEO. Should one or more of the Group's employees resign or the Issuer's major shareholder cease to exercise major influence, it could materially adversely affect the Group's successful development and business operations.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *medium*.

Influence of major shareholders

As of 31 December 2019, Sven-Olof Johansson owned 75.0 per cent of the shares and votes in the Issuer. The major ownership control implies a great influence over the Issuer by Sven-Olof Johansson, who may exercise influence, among other things, in matters that are put to a vote at general meetings of the shareholders, e.g. election of the board of directors and the Group's long term direction. There is a risk that the interest of the major shareholder deviates from the interest of the holders of Bonds or that the major shareholder otherwise makes decisions that prove unfavourable for the bond investors' possibility to obtain payment under the Bonds.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *low*.

Environmental risks

Environmental risks

The Swedish Environmental Code (Sw. *miljöbalken (1998:808)*) contains detailed rules regarding operators' and real estate property owners' liability for investigations and remediation measures regarding real estate property which is polluted. The general rule for liability regarding the investigation and remediation measures is that the person who is the operator, or has been the operator, who contributed to pollution, is liable. Under certain conditions, an owner of a real estate property or a holder of leasehold may also be held liable.

The Issuer indirectly subject to environmental risk as the subsidiaries in the Group, as property owners and site leasehold holders, may be liable (or liable to pay compensation) under certain conditions for investigative action and remediation measures as well as preventive action regarding contaminated properties. A liability of this kind could cause the relevant subsidiary to incur significantly increased costs and/or investment needs and could have a material adverse effect on the relevant subsidiary's business, results of operation and financial position, and therefore in turn on the Issuer's results of operation and financial position.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *low*.

RISK FACTORS SPECIFIC AND MATERIAL TO THE BONDS

Risks related to the nature of the Bonds

Dependence on subsidiaries, structural subordination and insolvency of subsidiaries

All real estate assets are owned by and all real estate revenues are generated in subsidiaries of the Issuer. Accordingly, the Issuer is dependent upon receipt of sufficient income related to the operation of and the ownership in such entities to enable it to make payments under the Bonds. The Issuer's subsidiaries are legally separate and distinct from the Issuer and have no obligation to pay amounts due with respect to the Issuer's obligations and commitments, including the Bonds, or to make funds available for such payments. The ability of the Issuer's subsidiaries to make such payments to the Issuer is subject to, among other things, the availability of funds and should the Issuer not receive sufficient funds, the investor's ability to receive payment in accordance with the terms and conditions of the Bonds (the "**Terms and Conditions**") could be adversely affected. This can also lead

to a market pricing the Bonds with a higher risk premium, which would have a negative effect on the value of the Bonds on the secondary market.

Should the value of the business conducted in the subsidiaries or the associated companies decrease, and/or should the Issuer not receive sufficient income from its subsidiaries and associated companies, the investor's ability to receive payment under the terms and conditions may be adversely affected. The Issuer considers the probability of the risk occurring to be *low*. If the risk were to occur, the Issuer considers the potential negative impact to be *high*.

Preferential rights

As part of its financing, Fastpartner has obtained loans from credit institutions by pledging mortgage certificates (Sw. *pantbrev*) over certain properties and certain share certificates in its property-owning subsidiaries. As of 31 December 2019, Fastpartner has for its secured borrowings pledge mortgage certificates of a total amount of SEK 11,566.1 million. Loans of this kind normally constitute a preferential claim on the Group. Fastpartner also intends to continue to seek effective and advantageous financing, why further pledges may be given in conjunction with new loans of this kind. Such new loans will normally also constitute preferential claims on the Group.

The Bonds constitute non-preferential obligations on the part of the Issuer. This means that if the Issuer is subject to winding-up (Sw. *likvidation*) procedures, undergoes corporate reorganisation or is declared bankrupt, holders of Bonds will normally receive payment after any preferential creditors, who normally have preferential rights to certain assets, have been paid in full.

The Issuer considers that the probability of the above risks occurring is *medium*. If the risks would materialise the Company considers the potential negative impact to be *medium*.

Risks related to the admission of the Bonds to trading on a regulated market

The market price of the Bonds may be volatile

The market price of the Bonds could be subject to significant fluctuations in response to actual or anticipated variations in the Group's and its competitors' operating income, adverse business development, changes to the regulatory environment in which the Group operates, changes in financial estimates by security analysts and actual or expected sale of a large number of Bonds, as well as other factors. In addition, in recent years the global financial markets have experienced significant price and volume fluctuations which, if repeated in the future, could adversely affect the market price of the Bonds.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise the Issuer considers the potential negative impact to be *low*.

Liquidity risk

The Issuer has undertaken to ensure that the Bonds are admitted to trading on the corporate bond list of Nasdaq Stockholm or, if such admission to trading is not possible to obtain or maintain, admitted to trading on any other Regulated Market within certain stipulated time periods, as set forth in the Terms and Conditions. However, the Bonds are usually only traded over-the-counter (OTC). Even if securities are admitted to trading on a regulated market, active trading in the Bonds does not always occur. This may mean that a Holder is unable to sell its Bonds at the desired time or at prices yielding a return comparable with similar investments for which there is an existing and effective second market. A lack of liquidity in the market may therefore adversely affect the market value of the Bonds.

It should also be noted that during certain periods it may be difficult or impossible to sell the Bonds due to *e.g.* severe price fluctuations, closure of the marketplace in question or trading restrictions imposed for a certain period of time.

The Issuer considers that the probability of the secondary trading in the Bonds being impacted as described above is *low*. If the effects would materialise, the Issuer considers the potential negative impact as *low*.

Risks related to the rights of the holders of Bonds

Risks related to acceleration of the Bonds and put options

Upon the occurrence of an Event of Default (as defined in the Terms and Conditions, the Bonds may be accelerated at the terms and price set out in the Terms and Conditions. Furthermore, upon the occurrence of a Change of Control Event, Bond De-listing Event or Listing Failure (as defined in the Terms and Conditions), the Bonds will be subject to prepayment at the option of each Holder (put option) at the terms and price set out in the Terms and Conditions. There can be no assurance that the Issuer will have sufficient funds at the time of such prepayment or acceleration to make the required redemption of, or payment in respect of, the Bonds. Apart from that an investor could lose part of, or its entire investment, this could in turn adversely affect the Issuer, *e.g.* by causing illiquidity, insolvency or an event of default under the Terms and Conditions, and consequently adversely affect all holders of Bonds, and not only those that choose to exercise the option.

The Issuer considers that the probability of the above risks occurring is *low*. If the risks would materialise, the Issuer considers the potential negative impact as *low*.

Voluntary early redemption

Under certain conditions, the Terms and Conditions provide for a right for the Issuer to redeem the Bonds prior to its final maturity date at certain premiums (call option price). During the period when the Issuer is entitled to voluntarily redeem the Bonds, the market value of the Bonds will most likely not be significantly higher than the call option price set out in the Terms and Conditions.

If the Issuer exercises its right to early redemption of the Bonds when the market value of the Bonds is higher than the relevant call option price, it could affect the investor's possibilities to re-invest the repaid amount on the same terms as the terms of the redeemed Bonds. It is further possible that the Issuer will not have sufficient funds at the time of the mandatory prepayment to carry out the required redemption of Bonds.

The Issuer considers that the probability of the above risks occurring in relation to the Bonds *low*. If the risks would materialise, the Issuer considers the potential negative impact as *low*.

Recent events particular to the Issuer

There have been no recent events particular to the Issuer, which are to a material extent relevant to the evaluation of the Issuer's solvency.

Material adverse changes, significant changes and trend information

The Issuer shall notify the Agent of any such transaction if such transaction is material (in accordance with Clause 12.10.2) and, upon request by the Agent, provide the Agent with any information relating to the transaction which the Agent deems necessary (acting reasonably).

12.7 Dealings with related parties

The Issuer shall, and shall procure that the Subsidiaries, conduct all dealings with the direct and indirect shareholders of the Group Companies (excluding when such shareholder is another Group Company) and/or any Affiliates of such direct and indirect shareholders at arm's length terms.

The Agent may assume that any information provided by the Issuer is correct, and the Agent shall not be responsible or liable for the adequacy, accuracy or completeness of such information. The Agent is not responsible for assessing if the transaction is carried out on an arm's length basis and on terms and conditions customary for such transaction and whether it has a Material Adverse Effect, but is not bound by the Issuer's determination under paragraph (ii) above.

12.11 **Agent Agreement**

12.11.1 The Issuer shall, in accordance with the Agent Agreement:

- (a) pay fees to the Agent;
- (b) indemnify the Agent for costs, losses and liabilities;
- (c) furnish to the Agent all information reasonably requested by or otherwise required to be delivered to the Agent; and
- (d) not act in a way which would give the Agent a legal or contractual right to terminate the Agent Agreement.

12.11.2 The Issuer and the Agent shall not agree to amend any provisions of the Agent Agreement without the prior consent of the Holders if the amendment would be detrimental to the interests of the Holders.

12.12 **CSD related undertakings**

The Issuer shall keep the Bonds affiliated with a CSD and comply with all CSD regulations applicable to the Issuer from time to time.

13. **TERMINATION OF THE BONDS**

13.1 The Agent is entitled to, and shall following a demand in writing from a Holder (or Holders) representing at least fifty (50.00) per cent. of the Adjusted Nominal Amount (such demand may only be validly made by a Person who is a Holder on the second Business Day following the day on which the demand is received by the Agent and shall, if made by several Holders, be made by them jointly) or following an instruction or decision pursuant to Clause 13.6 or 13.7, on behalf of the Holders, terminate the Bonds and to declare all, but not only some, of the Bonds due for payment immediately or at such later date as the Agent determines (such later date not falling later than twenty (20) Business Days from the date on which the Agent made such declaration), if:

- (a) **Non-payment:** The Issuer fails to pay an amount on the date it is due in accordance with these Terms and Conditions unless its failure to pay is due to technical or administrative error and is remedied within five (5) Business Days of the due date;
- (b) **Other obligations:** The Issuer does not comply with these Terms and Conditions in any other way than as set out under item (a) above, unless the non-compliance (i) is capable of being remedied and (ii) is remedied within fifteen (15) Business Days of the earlier of the Agent giving notice and the Issuer becoming aware of the non-compliance (if the failure or violation is not capable of being remedied, the Agent may declare the Bonds payable without such prior written request);

(c) **Cross-default/acceleration:**

- (i) Any Financial Indebtedness of any Material Group Company is not paid when due nor within any originally applicable grace period or is declared to be or otherwise becomes due and payable prior to its specified maturity as a result of an event of default howsoever described under any document relating to Financial Indebtedness of any Material Group Company; or
- (ii) any security interest securing Financial Indebtedness over any asset of any Material Group Company is enforced;

provided however that the amount of Financial Indebtedness referred to under item (i) and/or (ii) above, individually or in the aggregate exceeds an amount corresponding to SEK 30,000,000 and provided that it does not apply to any Financial Indebtedness owed to a Group Company;

(d) **Insolvency:**

- (i) Any Material Group Company is unable or admits inability to pay its debts as they fall due or is declared to be unable to pay its debts under applicable law, suspends making payments on its debts generally or, by reason of actual or anticipated financial difficulties, commences negotiations with its creditors (other than under these Terms and Conditions) with a view to rescheduling its Financial Indebtedness; or
- (ii) a moratorium is declared in respect of the Financial Indebtedness of any Material Group Company;

(e) **Insolvency proceedings:** Any corporate action, legal proceedings or other procedures are taken (other than (i) proceedings or petitions which are being disputed in good faith and are discharged, stayed or dismissed within thirty (30) calendar days of commencement or, if earlier, the date on which it is advertised and (ii), in relation to the Subsidiaries, solvent liquidations) in relation to:

- (i) the suspension of payments, winding-up, dissolution, administration or reorganisation (Sw. *företagsrekonstruktion*) (by way of voluntary agreement, scheme of arrangement or otherwise) of any Material Group Company;
- (ii) the appointment of a liquidator, receiver, administrator, administrative receiver, compulsory manager or other similar officer in respect of any Material Group Company or any of its assets; or
- (iii) any analogous procedure or step is taken in any jurisdiction in respect of any Material Group Company;

(f) **Mergers and demergers:**

- (i) A decision is made that any Material Group Company shall be merged or demerged into a company which is not a Group Company, unless the Agent has given its consent in writing prior to the merger and/or demerger (where consent is not to be understood as a waiver of the rights that applicable law at the time assigns the concerned creditors); or
- (ii) the Issuer merges with any other Person, or is subject to a demerger, with the effect that the Issuer is not the surviving entity.

- (g) **Creditors' process:** Any expropriation, attachment, sequestration, distress or execution or any analogous process in any jurisdiction affects any asset or assets of any Material Group Company having an aggregate value equal to or exceeding SEK 30,000,000 and is not discharged within thirty (30) calendar days
- (h) **Impossibility or illegality:** It is or becomes impossible or unlawful for the Issuer to fulfil or perform any of the provisions of these Terms and Conditions or if the obligations under these Terms and Conditions are not, or cease to be, legal, valid, binding and enforceable; or
- (i) **Continuation of the business:** The Issuer or any other Material Group Company ceases to carry on its business (except if due to (i) a permitted merger or demerger as stipulated in paragraph (f) (*Merger and demergers*) of this Clause 13.1 or (ii) a permitted disposal as stipulated in Clause 12.6 (*Disposals of assets*)).

- 13.2 The Agent may not terminate the Bonds in accordance with Clause 13.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, in accordance with these Terms and Conditions, to waive such Event of Default (temporarily or permanently).
- 13.3 If the right to terminate the Bonds is based upon a decision of a court of law or a government authority, it is not necessary that the decision has become enforceable under law or that the period of appeal has expired in order for cause of termination to be deemed to exist.
- 13.4 The Issuer is obliged to inform the Agent immediately if any circumstance of the type specified in Clause 13.1 should occur. Should the Agent not receive such information, the Agent is entitled to assume that no such circumstance exists or can be expected to occur, provided that the Agent does not have knowledge of such circumstance. The Agent is under no obligations to make any investigations relating to the circumstances specified in Clause 13.1. The Issuer shall further, at the request of the Agent, provide the Agent with details of any circumstances referred to in Clause 13.1 and provide the Agent with all documents that may be of significance for the application of this Clause 13.
- 13.5 The Issuer is only obliged to inform the Agent according to Clause 13.4 if informing the Agent would not conflict with any statute or the Issuer's registration contract with Nasdaq Stockholm (or any other Regulated Market, as applicable). If such a conflict would exist pursuant to the listing contract with Nasdaq Stockholm (or any other Regulated Market, as applicable) or otherwise, the Issuer shall however be obliged to either seek the approval from Nasdaq Stockholm (or any other Regulated Market, as applicable) or undertake other reasonable measures, including entering into a non-disclosure agreement with the Agent, in order to be able to timely inform the Agent according to Clause 13.4.
- 13.6 If the Agent has been notified by the Issuer or has otherwise determined that there is a default under these Terms and Conditions according to Clause 13.1, the Agent shall (i) notify, within five (5) Business Days of the day of notification or determination, the Holders of the default and (ii) decide, within twenty (20) Business Days of the day of notification or determination, if the Bonds shall be declared terminated. If the Agent has decided not to terminate the Bonds, the Agent shall, at the earliest possible date, notify the Holders that there exists a right of termination and obtain instructions from the Holders according to the provisions in Clause 15 (*Decisions by Holders*). If the Holders vote in favour of termination and instruct the Agent to terminate the Bonds, the Agent shall promptly declare the Bonds terminated. However, if the cause for termination according to the Agent's appraisal has ceased before the termination, the Agent shall not terminate the Bonds. The Agent shall in such case, at the earliest possible date, notify the Holders that the cause for termination has ceased. The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.
- 13.7 If the Holders, without any prior initiative to decision from the Agent or the Issuer, have made a decision regarding termination in accordance with Clause 15 (*Decisions by Holders*), the Agent shall promptly declare the Bonds terminated. The Agent is however not liable to take action if the Agent considers

cause for termination not to be at hand, unless the instructing Holders agree in writing to indemnify and hold the Agent harmless from any loss or liability and, if requested by the Agent in its discretion, grant sufficient security for such indemnity.

- 13.8 If the Bonds are declared due and payable in accordance with the provisions in this Clause 13, the Agent shall take every reasonable measure necessary to recover the amounts outstanding under the Bonds.
- 13.9 For the avoidance of doubt, the Bonds cannot be terminated and become due for payment prematurely according to this Clause 13 without relevant decision by the Agent or following instructions from the Holders' pursuant to Clause 15 (*Decisions by Holders*).
- 13.10 If the Bonds are declared due and payable, the Issuer shall redeem all Bonds with an amount per Bond equal to paragraph (b) of the definition of Call Option Price (plus accrued and unpaid Interest) or, if the Bonds are accelerated before the First Call Date, at the price set out in paragraph (a) of the definition of Call Option Price (plus accrued and unpaid Interest).

14. DISTRIBUTION OF PROCEEDS

- 14.1 If the Bonds have been declared due and payable in accordance with Clause 13 (*Termination of the Bonds*), all payments by the Issuer relating to the Bonds shall be distributed in the following order of priority, in accordance with the instructions of the Agent:
- (a) first, in or towards payment *pro rata* of (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent, (ii) other costs, expenses and indemnities relating to the acceleration of the Bonds or the protection of the Holders' rights, (iii) any non-reimbursed costs incurred by the Agent for external experts, and (iv) any non-reimbursed costs and expenses incurred by the Agent in relation to a Holders' Meeting or a Written Procedure;
 - (b) *secondly*, in or towards payment *pro rata* of accrued but unpaid Interest under the Bonds (Interest due on an earlier Interest Payment Date to be paid before any Interest due on a later Interest Payment Date);
 - (c) *thirdly*, in or towards payment *pro rata* of any unpaid principal under the Bonds; and
 - (d) *fourthly*, in or towards payment *pro rata* of any other costs or outstanding amounts unpaid under these Terms and Conditions.

Any excess funds after the application of proceeds in accordance with paragraphs (a) to (d) above shall be paid to the Issuer. The application of proceeds in accordance with paragraphs (a) to (d) above shall, however, not restrict a Holders' Meeting or a Written Procedure from resolving that accrued Interest (whether overdue or not) shall be reduced without a corresponding reduction of principal.

- 14.2 If a Holder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 14.1, such Holder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 14.1.
- 14.3 Funds that the Agent receives (directly or indirectly) in connection with the termination of the Bonds constitute escrow funds (*Sw. redovisningsmedel*) according to the Escrow Funds Act (*Sw. lag (1944:181) om redovisningsmedel*) and must be held on a separate interest-bearing account on behalf of the Holders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 14 as soon as reasonably practicable.
- 14.4 If the Issuer or the Agent shall make any payment under this Clause 14, the Issuer or the Agent, as applicable, shall notify the Holders of any such payment at least fifteen (15) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be

paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 9.1 shall apply.

15. DECISIONS BY HOLDERS

15.1 A request by the Agent for a decision by the Holders on a matter relating to these Terms and Conditions shall (at the option of the Agent) be dealt with at a Holders' Meeting or by way of a Written Procedure.

15.2 Any request from the Issuer or a Holder (or Holders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount (such request may only be validly made by a Person who is a Holder on the Business Day immediately following the day on which the request is received by the Agent and shall, if made by several Holders, be made by them jointly) for a decision by the Holders on a matter relating to these Terms and Conditions shall be directed to the Agent and dealt with at a Holders' Meeting or by way of a Written Procedure, as determined by the Agent. The Person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Holders' Meeting than by way of a Written Procedure, it shall be dealt with at a Holders' Meeting.

15.3 The Agent may refrain from convening a Holders' Meeting or instigating a Written Procedure if (i) the suggested decision must be approved by any Person in addition to the Holders and such Person has informed the Agent that an approval will not be given, or (ii) the suggested decision is not in accordance with applicable laws.

15.4 Only a Person who is, or who has been provided with a power of attorney or other proof of authorisation pursuant to Clause 8 (Right to act on behalf of a Holder) from a Person who is, registered as a Holder:

- (a) on the Business Day specified in the notice pursuant to Clause 16.3, in respect of a Holders' Meeting, or
- (b) on the Business Day specified in the communication pursuant to Clause 17.3, in respect of a Written Procedure,

may exercise voting rights as a Holder at such Holders' Meeting or in such Written Procedure, provided that the relevant Bonds are included in the definition of Adjusted Nominal Amount.

15.5 The following matters shall require consent of Holders representing at least two thirds (2/3) of the Adjusted Nominal Amount for which Holders are voting at a Holders' Meeting or for which Holders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 17.3:

- (a) waive a breach of or amend an undertaking set out in Clause 12 (Special undertakings);
- (b) a mandatory exchange of Bonds for other securities;
- (c) reduce the principal amount, Interest Rate or Interest which shall be paid by the Issuer;
- (d) amend any payment day for principal or Interest or waive any breach of a payment undertaking;
or
- (e) amend the provisions in this Clause 15.5 or 15.6.

15.6 Any matter not covered by Clause 15.5 shall require the consent of Holders representing more than fifty (50.00) per cent. of the Adjusted Nominal Amount for which Holders are voting at a Holders' Meeting or for which Holders reply in a Written Procedure in accordance with the instructions given pursuant to Clause 16.3. This includes, but is not limited to, any amendment to or waiver of these Terms and

Conditions that does not require a higher majority (other than an amendment or waiver permitted pursuant to paragraph (a), (b) or (c) of Clause 18.1) or a termination of the Bonds.

- 15.7 If the number of votes or replies are equal, the opinion which is most beneficial for the Issuer, according to the chairman at the Holders' Meeting or the Agent in a Written Procedure, will prevail. The chairman at a Holders' Meeting shall be appointed by the Holders in accordance with Clause 15.6.
- 15.8 Quorum at a Holders' Meeting or in respect of a Written Procedure only exists if Holder (or Holders) representing at least fifty (50.00) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 15.5, and otherwise twenty (20.00) per cent. of the Adjusted Nominal Amount:
- (a) if at a Holders' Meeting, attend the meeting in person or by telephone conference (or appear through duly authorised representatives); or
 - (b) if in respect of a Written Procedure, reply to the request.
- 15.9 If a quorum does not exist at a Holders' Meeting or in respect of a Written Procedure, the Agent or the Issuer shall convene a second Holders' Meeting (in accordance with Clause 16.1) or initiate a second Written Procedure (in accordance with Clause 17.1), as the case may be, provided that the relevant proposal has not been withdrawn by the Person(s) who initiated the procedure for Holders' consent. The quorum requirement in Clause 15.8 shall not apply to such second Holders' Meeting or Written Procedure.
- 15.10 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under these Terms and Conditions shall be subject to the Issuer's or the Agent's consent, as appropriate.
- 15.11 A Holder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 15.12 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Holders that consent at the relevant Holders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 15.13 A matter decided at a duly convened and held Holders' Meeting or by way of Written Procedure is binding on all Holders, irrespective of them being present or represented at the Holders' Meeting or responding in the Written Procedure. The Holders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Holders.
- 15.14 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Holders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.
- 15.15 If a decision shall be taken by the Holders on a matter relating to these Terms and Conditions, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies or (to the knowledge of the Issuer) their Affiliates, irrespective of whether such Person is directly registered as owner of such Bonds. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible to determine whether a Bond is owned by a Group Company or an Affiliate of a Group Company.
- 15.16 Information about decisions taken at a Holders' Meeting or by way of a Written Procedure shall promptly be sent by notice to the Holders and published on the websites of the Issuer and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The

minutes from the relevant Holders' Meeting or Written Procedure shall at the request of a Holder be sent to it by the Issuer or the Agent, as applicable.

16. HOLDERS' MEETING

- 16.1 The Agent shall convene a Holders' Meeting by sending a notice thereof to each Holder no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons). If the Holders' Meeting has been requested by the Holder(s), the Agent shall send a copy of the notice to the Issuer.
- 16.2 Should the Issuer want to replace the Agent, it may convene a Holders' Meeting in accordance with Clause 16.1 with a copy to the Agent. After a request from the Holders pursuant to Clause 19.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Holders' Meeting in accordance with Clause 15.1.
- 16.3 The notice pursuant to Clause 15.1 shall include (i) time for the meeting, (ii) place for the meeting, (iii) a specification of the Business Day on which a Person must be registered as a Holder in order to be entitled to exercise voting rights (such Business Day not to fall earlier than the effective date of the notice pursuant to Clause 15.1), (iv) agenda for the meeting (including each request for a decision by the Holders) and (v) a form of power of attorney. Only matters that have been included in the notice may be resolved upon at the Holders' Meeting. Should prior notification by the Holders be required in order to attend the Holders' Meeting, such requirement shall be included in the notice.
- 16.4 The Holders' Meeting shall be held no earlier than ten (10) Business Days and no later than twenty (20) Business Days from the notice.
- 16.5 If the Agent, in breach of these Terms and Conditions, has not convened a Holders' Meeting within five (5) Business Days after having received such notice, the requesting Person may convene the Holders' Meeting itself. If the requesting Person is a Holder, the Issuer shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD and, if no Person to open the Holders' Meeting has been appointed by the Agent, the meeting shall be opened by a Person appointed by the requesting Person.
- 16.6 At a Holders' Meeting, the Issuer, the Holders (or the Holders' representatives/proxies) and the Agent may attend along with each of their representatives, counsels and assistants. Further, the directors of the board, the managing director and other officials of the Issuer and the Issuer's auditors may attend the Holders' Meeting. The Holders' Meeting may decide that further individuals may attend. If a representative/proxy shall attend the Holders' Meeting instead of the Holder, the representative/proxy shall present a duly executed proxy or other document establishing its authority to represent the Holder.
- 16.7 Without amending or varying these Terms and Conditions, the Agent may prescribe such further regulations regarding the convening and holding of a Holders' Meeting as the Agent may deem appropriate. Such regulations may include a possibility for Holders to vote without attending the meeting in person.

17. WRITTEN PROCEDURE

- 17.1 The Agent shall instigate a Written Procedure no later than five (5) Business Days after receipt of a request from the Issuer or the Holder(s) (or such later date as may be necessary for technical or administrative reasons) by sending a communication to each such Person who is registered as a Holder

on the Business Day prior to the date on which the communication is sent. If the Written Procedure has been requested by the Holder(s), the Agent shall send a copy of the communication to the Issuer.

- 17.2 Should the Issuer want to replace the Agent, it may send a communication in accordance with Clause 17.1 to each Holder with a copy to the Agent.
- 17.3 A communication pursuant to Clause 17.1 shall include (i) each request for a decision by the Holders, (ii) a description of the reasons for each request, (iii) a specification of the Business Day on which a Person must be registered as a Holder in order to be entitled to exercise voting rights (such Business Day not to fall earlier than the effective date of the communication pursuant to Clause 17.1), (iv) instructions and directions on where to receive a form for replying to the request (such form to include an option to vote yes or no for each request) as well as a form of power of attorney, and (v) the stipulated time period within which the Holder must reply to the request (such time period to last at least ten (10) Business Days but not more than twenty (20) Business Days from the communication pursuant to Clause 17.1). If the voting shall be made electronically, instructions for such voting shall be included in the communication.
- 17.4 If the Agent, in breach of these Terms and Conditions, has not instigated a Written Procedure within five (5) Business Days after having received such notice, the requesting Person may instigate a Written Procedure itself. If the requesting Person is a Holder, the Issuer shall upon request from such Holder provide the Holder with necessary information from the register kept by the CSD.
- 17.5 When the requisite majority consents of the total Adjusted Nominal Amount pursuant to Clause 15.5 and 15.6 have been received in a Written Procedure, the relevant decision shall be deemed to be adopted pursuant to Clause 15.5 or 15.6, as the case may be, even if the time period for replies in the Written Procedure has not yet expired.

18. AMENDMENTS AND WAIVERS

- 18.1 The Issuer and the Agent (acting on behalf of the Holders) may agree to amend these Terms and Conditions or waive any provision in these Terms and Conditions, provided that:
- (a) such amendment or waiver is not detrimental to the interest of the Holders, or is made solely for the purpose of rectifying obvious errors and mistakes;
 - (b) such amendment or waiver is required by applicable law, a court ruling or a decision by a relevant authority;
 - (c) such amendment or waiver is necessary for the purpose of listing the Bonds on the corporate bond list of Nasdaq Stockholm (or any other Regulated market, as applicable), provided such amendment or waiver does not materially adversely affect the rights of the Holders; or
 - (d) such amendment or waiver has been duly approved by the Holders in accordance with Clause 15 (*Decisions by Holders*).
- 18.2 The consent of the Holders is not necessary to approve the particular form of any amendment or waiver to these Terms and Conditions. It is sufficient if such consent approves the substance of the amendment or waiver.
- 18.3 The Agent shall promptly notify the Holders of any amendments or waivers made in accordance with Clause 18.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to these Terms and Conditions are available on the websites of the Issuer and the

Agent. The Issuer shall ensure that any amendments to these Terms and Conditions are duly registered with the CSD and each other relevant organisation or authority.

- 18.4 An amendment or waiver to these Terms and Conditions shall take effect on the date determined by the Holders' Meeting, in the Written Procedure or by the Agent, as the case may be.

19. APPOINTMENT AND REPLACEMENT OF THE AGENT

19.1 Appointment of Agent

- 19.1.1 By subscribing for Bonds, each initial Holder appoints the Agent to act as its agent in all matters relating to the Bonds and these Terms and Conditions, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by such Holder, including the winding-up, dissolution, liquidation, company reorganisation (Sw. *företagsrekonstruktion*) or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer. By acquiring Bonds, each subsequent Holder confirms such appointment and authorisation for the Agent to act on its behalf.

- 19.1.2 Each Holder shall immediately upon request by the Agent provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), as the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions. The Agent is under no obligation to represent a Holder which does not comply with such request.

- 19.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under these Terms and Conditions.

- 19.1.4 The Agent is entitled to fees for its work and to be indemnified for costs, losses and liabilities on the terms set out in these Terms and Conditions and the Agent Agreement, and the Agent's obligations as agent under these Terms and Conditions are conditioned upon the due payment of such fees and indemnifications.

- 19.1.5 The Agent may act as agent for several issues of securities issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.

19.2 Duties of the Agent

- 19.2.1 The Agent shall represent the Holders in accordance with these Terms and Conditions. However, the Agent is not responsible for the due execution, validity or enforceability of these Terms and Conditions. The Agent shall keep the latest version of these Terms and Conditions (including any document amending these Terms and Conditions) available on the website of the Agent.

- 19.2.2 Upon request by a Holder, the Agent shall promptly distribute to the Holders any information from such Holder which relates to the Bonds (at the discretion of the Agent). The Agent may require that the requesting Holder reimburses any costs or expenses incurred, or to be incurred, by the Agent in doing so (including a reasonable fee for the work of the Agent) before any such information is distributed. The Agent shall upon request by a Holder disclose the identity of any other Holder who has consented to the Agent in doing so.

- 19.2.3 When acting in accordance with these Terms and Conditions, the Agent is always acting with binding effect on behalf of the Holders. The Agent shall carry out its duties under these Terms and Conditions in a reasonable, proficient and professional manner, with reasonable care and skill.

- 19.2.4 The Agent's duties under these Terms and Conditions are solely mechanical and administrative in nature and the Agent only acts in accordance with these Terms and Conditions and upon instructions from the

Holder, unless otherwise set out in these Terms and Conditions. In particular, the Agent is not acting as an advisor (whether legal, financial or otherwise) to the Holders.

- 19.2.5 The Agent is not obligated to assess or monitor the financial condition of the Issuer or compliance by the Group Companies with the terms of these Terms and Conditions (unless to the extent expressly set out in these Terms and Conditions) or to take any steps to ascertain whether any Event of Default (or any event that may lead to an Event of Default) has occurred.
- 19.2.6 The Agent is entitled to delegate its duties to other professional parties, but the Agent shall remain liable for the actions of such parties under these Terms and Conditions.
- 19.2.7 The Agent shall treat all Holders equally and, when acting pursuant to these Terms and Conditions, act with regard only to the interests of the Holders and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other Person, other than as explicitly stated in these Terms and Conditions and the Agent Agreement.
- 19.2.8 The Agent shall be entitled to disclose to the Holders any event or circumstance directly or indirectly relating to the Issuer or the Bonds. Notwithstanding the foregoing, the Agent may if it considers it to be beneficial to the interests of the Holders delay disclosure or refrain from disclosing certain information other than in respect of an Event of Default that has occurred and is continuing.
- 19.2.9 The Agent is entitled to engage external experts when carrying out its duties under these Terms and Conditions. The Issuer shall on demand by the Agent pay all costs for external experts engaged (i) after the occurrence of an Event of Default, (ii) for the purpose of investigating or considering an event which the Agent reasonably believes is or may lead to an Event of Default or a matter relating to the Issuer which the Agent reasonably believes may be detrimental to the interests of the Holders under these Terms and Conditions or (iii) when the Agent is to make a determination under these Terms and Conditions. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under these Terms and Conditions shall be distributed in accordance with Clause 14 (*Distribution of proceeds*).
- 19.2.10 The Agent shall enter into agreements with the CSD, and comply with such agreement and the CSD regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under these Terms and Conditions.
- 19.2.11 Notwithstanding any other provision of these Terms and Conditions to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.
- 19.2.12 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Holders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.
- 19.2.13 The Agent shall give a notice to the Holders (i) before it ceases to perform its obligations under these Terms and Conditions by reason of the non-payment by the Issuer of any fee or indemnity due to the

Agent under these Terms and Conditions or the Agent Agreement, or (ii) if it refrains from acting for any reason described in Clause 19.2.12.

19.3 **Limited liability for the Agent**

- 19.3.1 The Agent will not be liable to the Holders for damage or loss caused by any action taken or omitted by it under or in connection with these Terms and Conditions, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect loss.
- 19.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts engaged by or addressed to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Holders to delay the action in order to first obtain instructions from the Holders.
- 19.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to these Terms and Conditions to be paid by the Agent to the Holders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 19.3.4 The Agent shall have no liability to the Holders for damage caused by the Agent acting in accordance with instructions of the Holders given in accordance with Clause 13.1 or Clause 15 (*Decisions by Holders*).
- 19.3.5 The Agent is not liable for information provided to the Holders by or on behalf of the Issuer or by any other person.
- 19.3.6 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, these Terms and Conditions shall not be subject to set-off against the obligations of the Issuer to the Holders under these Terms and Conditions.

19.4 **Replacement of the Agent**

- 19.4.1 Subject to Clause 19.4.6, the Agent may resign by giving notice to the Issuer and the Holders, in which case the Holders shall appoint a successor Agent at a Holders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 19.4.2 Subject to Clause 19.4.6, if the Agent is insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 19.4.3 A Holder (or Holders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice may only be validly given by a Person who is a Holder on the Business Day immediately following the day on which the notice is received by the Issuer and shall, if given by several Holders, be given by them jointly), require that a Holders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Holders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Holders that the Agent be dismissed and a new Agent appointed.
- 19.4.4 If the Holders have not appointed a successor Agent within ninety (90) calendar days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Holders, the Issuer shall appoint a successor Agent which shall be

an independent financial institution or other reputable company which regularly acts as agent under debt issuances.

- 19.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under these Terms and Conditions.
- 19.4.6 The Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent.
- 19.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of these Terms and Conditions but shall remain entitled to the benefit of these Terms and Conditions and remain liable under these Terms and Conditions in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Holders shall have the same rights and obligations amongst themselves under these Terms and Conditions as they would have had if such successor had been the original Agent.
- 19.4.8 In the event that there is a change of the Agent in accordance with this Clause 19.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under these Terms and Conditions and the Agent Agreement. Unless the Issuer and the new Agent agrees otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

20. APPOINTMENT AND REPLACEMENT OF THE ISSUING AGENT

- 20.1 The Issuer appoints the Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.
- 20.2 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.

21. APPOINTMENT AND REPLACEMENT OF THE CSD

- 21.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to the CSD.
- 21.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Holder or the listing of the Bonds listed on the corporate bond list of Nasdaq Stockholm or any other Regulated Market. The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Swedish Securities Market Act (*Sw. lag (2007:528) om värdepappersmarknaden*).

22. NO DIRECT ACTIONS BY HOLDERS

- 22.1 A Holder may not take any action or take any legal steps whatsoever against the Issuer or a Subsidiary to enforce or recover any amount due or owing to it pursuant to these Terms and Conditions, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (Sw.

företagsrekonstruktion) or bankruptcy (Sw. *konkurs*) (or its equivalent in any other jurisdiction) of the Issuer or a Subsidiary in relation to any of the liabilities of the Issuer under these Terms and Conditions. Such steps may only be taken by the Agent.

- 22.2 Clause 22.1 shall not apply if the Agent has been instructed by the Holders in accordance with these Terms and Conditions to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Holder to provide documents in accordance with Clause 19.1.2), such actions within a reasonable period of time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under these Terms and Conditions or the Agent Agreement or by any reason described in Clause 19.2.12, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 19.2.13 before a Holder may take any action referred to in Clause 22.1.
- 22.3 The provisions of Clause 22.1 shall not in any way limit an individual Holder's right to claim and enforce payments which are due to it under Clause 11.4 (*Mandatory repurchase due to a Change of Control Event, Bond De-listing Event or Listing Failure (put option)*) or other payments which are due by the Issuer to some but not all Holders.

23. TIME-BAR

- 23.1 The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of Interest (excluding any capitalised Interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Holders' right to receive payment has been time-barred and has become void.
- 23.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new time-bar period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to the right to receive payment of Interest (excluding capitalised Interest) will commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Holders, the Agent shall be entitled to issue such press release.

25. **FORCE MAJEURE AND LIMITATION OF LIABILITY**

The reservation in respect of strikes, lockouts, boycotts and blockades applies even if the Agent or the Issuing Agent itself takes such measures, or is subject to such measures.

25.2 The Issuing Agent shall have no liability to the Holders if it has observed reasonable care. The Issuing Agent shall never be responsible for indirect damage with exception of gross negligence and wilful misconduct.

25.3 Should a Force Majeure Event arise which prevents the Agent or the Issuing Agent from taking any action required to comply with these Terms and Conditions, such action may be postponed until the obstacle has been removed.
