1 RISK FACTORS

A number of risk factors affects and may come to affect Corem, the Group and the Bonds. Some risk factors are outside the Group's control. Below is a description of risk factors which Corem considers to be material risks relating to the Group and the Bonds. The risk factors are presented in categories and where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category. The most material risk factor in each category is presented first. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence. The assessment of the materiality of each risk factor has been determined on the basis of a qualitative ordinal scale (low/medium/high) based on the probability of their occurrence and the expected magnitude of their negative impact on the Group.

1.1 Risk factors specific and material to Corem and the Group

1.1.1 Market risks

Inflation and interest risk

The Group operates in the real estate market, which to a large extent is affected by macroeconomic factors such as the level of production of new premises, changes in infrastructure and population growth. Economic growth in turn affects the employment rate, which is an essential basis for supply and demand on the rental market and consequently impacts vacancy rates and rental levels of the Group's properties. The Group mainly operates in Stockholm, Gothenburg, New York, Linköping, Uppsala, Västerås, Copenhagen, and several other growing cities in Sweden and is therefore exposed to macroeconomic development on those geographic markets.

Furthermore, inflation expectations have an impact on the interest rate and thus affect the net interest income for the Group. In addition to financing through equity, the Group's business is mainly financed by borrowings from credit institutions and the bond market. Interest expenses are therefore one of the Group's main cost items and the Group's total financial expenses for the period 1 January 2024 to 30 September 2024, which mainly consisted of interest expenses from loans, amounted to SEK 957 million. Interest expenses are mainly affected by, besides the extent of interest-bearing debt, the level of current market interest rates, the Group's strategy regarding length of debt maturity and credit institutions' margins, as well as the Group's strategy regarding interest rate hedging and fixation periods. Adverse changes of interest rates would result in increased expenses for the Group and negatively affect the Group's earnings and cash flow.

The Group is subject to risks related to and impact of global macroeconomic factors which includes international conflicts impacting the global economy. The global economy can be affected by, for example, trade disputes, political instability, deteriorating diplomatic relations, terrorism, protectionism, regional and cross-border conflicts, and cyber threats, leading, inter alia, to increased prices for energy, fuel, and raw materials, increased inflationary pressures, rising market interest rates, and increased financial market volatility. The total impact of macroeconomic and political state of affairs on the Group may present significant risks to the Group's access to financing and other financial costs.

Furthermore, the uncertainty about the long-term macroeconomic effects of the sharp increase in

inflation rates and rise in interest rates in recent years may also affect the Group. While inflationary pressures have eased in 2024, the interest rates continue to be high following the recent years' significant hikes. The recent years have seen effects of geopolitical unrest, volatile macroeconomic conditions, and a rapidly fluctuating financial market. The evolving geopolitical situation and high interest rates may continue to affect the Group.

Corem deems the probability of further increases in inflation expectations and rising interest rates materialising to be *low to medium*. However, should the risk materialise, Corem considers the potential negative impact on the Group's financing costs and decrease in rental income to be *high*.

Competition risks

The Group is active in the real estate industry, which is characterised by significant competition, including from other real estate companies with a focus on logistics and industrial properties as well as office properties such as Vasakronan, Sagax, Castellum, Catena, Nyfosa and others. The Group's competitiveness depends, among other things, on its ability to acquire interesting properties in attractive locations, to attract and retain tenants, qualified staff and to anticipate trends and needs for current and future tenants and quickly adapt to current and future market needs. In addition, the Group competes for tenants, based on, among other things, property location, rent level, size, availability and quality, tenant satisfaction and the Group's reputation.

Competitors may have greater financial resources than the Group and better capacity to withstand market downturns, better access to potential acquisitions, compete more efficiently, be more skilled at retaining competent staff and respond more quickly to changes in local markets. In addition, competitors may have a higher tolerance for lower yield requirements and access to more efficient technology platforms. Furthermore, the Group may need to incur higher investment costs in order to maintain the competitiveness of its property portfolio in relation to competitors. Corem estimates the probability that Corem will be unable to compete in an effective way as *low*, with a potentially *medium* negative effect on Corem's future prospects should the risk materialise.

1.1.2 **Business risks**

Rental income and rental development

The Group's operations mainly include commercial properties and property development. The Group's rental income depends on the vacancies of the properties, the rent level stipulated in the rental agreements and the tenants paying their rents on time. As of 30 September 2024, the Group's economic occupancy rate was 86 per cent. 50 per cent of the total contracted rent falls due in 2027 or later. As of 30 September 2024, the Group's total number of tenants were approximately 3,100 with an average remaining contract period of 3.3 years. There is a risk that the Group will not be able to renew all its rental agreements immediately upon expiry or that new agreements will not be entered on terms as favourable for the Group as previous agreements. Furthermore, a general decrease in market occupancy rates and market rental rates, for example as a result of macroeconomic and geopolitical factors, would negatively affect the Group's possibilities to sustain current earnings and cash flow levels over a long period of time, which would have a negative impact on the Group's earnings. Corem deems that the probability of large fluctuations and increases in vacancies, decreases in market rental rates or any other loss of rental income is *low to medium*. If the risks would materialize, Corem considers the potential impact to be *high*.

Changes in value of properties

The Group's real estate investments are accounted for in the balance sheet at fair value and value changes are accounted for in the income statement. Total fair value for the Group's property portfolio amounted to SEK 56,063 million as of 30 September 2024 and the total assets amounted to SEK 62,151 million. The Group performs a quarterly valuation of the entire property portfolio. Valuations are performed according to a schedule where both external and internal valuations are carried out by authorised real estate valuers. As a rule, every property is valued by external valuers at least once annually. During the third quarter of 2024, the Group's properties' loan-to-value ratio was 43 per cent and the Group's total loan-to-value ratio was 54 per cent.

The value of the Group's properties is affected by a number of factors, partly by property specific factors such as occupancy levels, rental rates and operating costs, and partly by market specific factors such as yield demands and cost of capital which are derived from comparable transactions on the real estate market. Property related deteriorations such as lower rental income and increased vacancies, as well as market specific factors such as demand for higher return on investments can cause the Group to impair the actual value of its investment properties, which could have a negative impact on the Group's financial position and earnings. Deterioration in the value of properties could cause a breach of the financial undertakings in the Group's various financial obligations which could lead to loans being accelerated, leading to immediate repayment or result in the creditor's enforcement of the pledged assets.

Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *high*.

Currency risk

The Group's presence and ownership of properties in Denmark and the United States of America means that the Group is exposed to currency risk in relation to the Danish crown and the US dollar. As per 30 September 2024, the properties in New York correspond to approximately 11 per cent of the total property value and the properties in Denmark correspond to approximately 2 per cent. Changes in the exchange rate may entail negative effects for Corem's earning capacity and financial position. Corem deems the probability of such risks materializing to be *medium*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Projects and developments

The operations of the Group also comprise of property development projects. As per 30 September 2024, the Group had four on-going larger property development projects (of minimum SEK 50 million) which had an estimated total investment volume of SEK 3,066 million. When developing properties, certain risks arise. Larger projects may entail major investments which may lead to an increased credit risk should tenants be unable to fulfil their obligations towards the Group. In such an event, the Group could be unable to find other tenants for the premises in question. Furthermore, the demand or the price for the property may decrease during the project. When planning and budgeting for a construction project, it is essential that the basis for calculation is complete and correct. Assumptions are made in relation to costs and revenues, as well as the ability of partners to perform in accordance with contracts. Projects may be delayed or may entail higher costs than foreseen, and, after the completion of a project, there is a risk that the property does not correspond to tenants' requirements or expectations, which may lead to increased costs or decreased earnings for the Group.

Corem deems the probability of such risks materializing to be *medium*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Transactions

To acquire as well as divest properties is part of the Group's ordinary business. Transactions, and especially acquisitions, involves certain risks. All investments are associated with uncertainties, such as future loss of tenants, environmental circumstances and technical problems, which may have a negative impact on the property value or result in unexpected and increased costs. Further, there is a risk that a seller, in connection with an acquisition, may not fulfil its obligations due to financial difficulties, which may affect the Group's possibility to bring forward claims for compensation according to contracted indemnities or warranties (which may also be subject to limitations in amount and time).

Divestment of properties involves uncertainties regarding, inter alia, the price and the actual ability to divest the properties including the willingness and ability of potential buyers to pay for the properties. Furthermore, the Group may be subject to claims due to the sale or the condition of the sold properties. If the Group is unable to sell the properties at favourable terms or if claims are directed at the Group, this may lead to delays in projects as well as increased and unexpected costs for the properties and transactions.

Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact on the Group's result and the value of the relevant properties to be *medium*.

Employees

The average number of employees in the Group during the period 1 January – 30 September 2024 was 284. The Group's employees' knowledge, experience and commitment are important for the Group's future development. The Group would be affected negatively if a number of its employees would leave the Group at the same time, or if a number of key employees would leave, resulting in a period of loss of know-how or increased recruiting costs. Corem deems the probability of such risks materializing to be *medium*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Technical risks

Property investments are associated with technical risks. Technical risk is defined as the risk associated with the technical management of the properties, such as the risk for construction errors, other latent defects and deficiencies, damages (for example by fire or other force of nature) and pollution. There are regulatory requirements regarding properties that may entail that deficiencies must be remedied. There is a risk that, if such technical problems would occur, they may cause increased costs for the Group, which would have a negative impact on the Group's earnings. Corem deems the probability of such risks materializing to be *high*. If the risks would materialize, Corem considers the potential impact to be *low*.

1.1.3 Financial risks

Refinancing risks

Refinancing risk is the risk that necessary financing may not be obtained or can only be obtained at unfavourable terms or to significantly increased costs for refinancing of existing debts or new borrowing. The Group may eventually be required to refinance certain or all of its outstanding debt, including the

Bonds. As of 30 September 2024, the Group's average remaining term of interest-bearing liabilities was 1.8 years and the average remaining period of fixed interest on interest-bearing liabilities and derivatives was 2.5 years. The Group's ability to successfully refinance its outstanding debt obligations, including the Bonds, at maturity depend on the conditions of the capital markets and its financial condition at such time. The developments in the credit market, such as deterioration of the overall financial markets or a worsening of general economic conditions could adversely affect the Group's access to financing sources and financing on favourable terms, or at all. Corem deems the probability of such risks materializing to be *medium*. If the risks would materialize, Corem considers the potential impact on the Group's liquidity and financial position to be *high*.

Financial obligations and guarantees

The Group is financed through bank loans as well as bonds from the capital market. As of 30 September 2024, approximately 20 per cent of the Group's liabilities were attributable to bond loan financing and approximately 77 per cent were attributable to bank loans. The Group's loan-to-value ratio amounted to 54 per cent and the equity ratio amounted to 35 per cent. The bank loans are secured by, inter alia, the Group's properties and shares in Corem's subsidiaries and Corem has issued guarantees for some loans. Some of the Group's credit agreements contain provisions regarding, for example, ownership of the companies being parties to such credit agreements (change of control provisions), or financial covenants such as loan to value ratio, equity ratio, and interest cover ratio. If such provisions are breached by the Group, it could lead to the loans being accelerated, leading to immediate repayment or result in the creditor's enforcement of the pledged assets. Should loans be accelerated, it could also result in other loan agreements (through cross default provisions) being cancelled for immediate repayment or in the collateral being taken over by the credit institution/s concerned. If such events were to materialize there is a risk that the Group will not be able to obtain necessary financing, or that such financing could only be obtained at significantly increased costs, which in turn would have a negative impact on the Group's ability to fulfil its payment obligations and materially affect the Group's ability to continue its operations. Corem deems the probability of such risks materializing to be *medium*. If the risks would materialize, Corem considers the potential impact on the Groups liquidity and financial position to be *high*.

1.1.4 **Legal and environmental risks**

Holding Company risks

Corem is the parent company of the Group and the Group's operations are mainly carried out through its subsidiaries. Thus, Corem's ability to make required interest payments on its debts and funding is affected by the ability of its subsidiaries to transfer available funds to Corem. Accordingly, Corem is dependent on its subsidiaries to fulfil its obligations under the Bonds. The transfer of funds to Corem from its subsidiaries may be restricted or prohibited by legal and contractual requirements applicable to each respective subsidiary. Additionally, the Group companies are separate legal entities and have no obligations to fulfil Corem's obligations toward its creditors. If the subsidiaries do not provide dividend income, or due to other circumstances, conditions, laws or other regulations are prevented from providing liquidity to Corem, there is a risk that Corem will not be able to fulfil its obligations under the Bonds. Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact to have a *high* impact on Corem's balance sheet, operating profit and future prospects.

Regulatory risks

The Group's business is regulated by and must be conducted in accordance with several laws and regulations, (inter alia the Swedish Companies Act (Sw: *aktiebolagslagen (2005:551)*), the General Data Protection Regulation (GDPR), the Swedish Land Code (Sw: *Jordabalken 1970:994*), the Swedish Environmental Code (Sw: *Miljöbalken (1998:808)*) and the Swedish Planning and Building Act (Sw: *plan-och bygglagen (2010:900)*), detailed development plans, building standards, and security regulations. This also includes national regulations, local laws and regulations applicable in foreign local markets where the Group operates, such as Denmark and the United States of America. In addition, Corem must comply with the rules and guidelines that Nasdaq impose on issuers.

There is a risk that the Group's interpretation of applicable laws and regulations is incorrect or that applicable rules change in the future. The Group may also be required to apply for various permits and registrations with municipalities and authorities in order to pursue property development. There is a risk that the Group will not be granted necessary permits or other decisions for its business activities or that such permits or decisions are appealed. The Group's operations are also affected by the tax rules in force, from time to time, in Sweden. Since these rules have historically been subject to frequent changes, further changes are expected in the future (potentially with retroactive effect). Such changes could have a significant negative impact on the Group's financial position and earnings. In the event the abovementioned risks materialize, it could result in increased costs and delay in planned development of properties or otherwise have negative impact on the conduct and development of its business. Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Environmental certification and green assets

Corem assesses that demands are increasing from both investors and customers regarding energy efficiency as well as environmental certification of both existing buildings and new projects. At end of year 2023, a total of 50 of Corem's buildings were environmentally certified or certified according to Green Building which corresponded to 26 per cent of the total lettable area in the portfolio and 34 per cent of the total property value. Energy efficient buildings corresponded to 14 and 11 per cent respectively of the total lettable area and the property value. There is a risk that Corem will not be able to certify the property and project portfolio at a pace that corresponds to the demand for environmentally certified properties, which could result in impacts on letting activities and effects on vacancy rate. There is also a risk that applicable requirements for energy class levels or levels of environmental certifications will change significantly and that Corem's properties will lose certifications already obtained. There is a risk that any such event that occurs will have a negative impact on Corem's financial position. Corem deems the probability of such risks materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *medium*.

Environmental impact

Property management and property development includes environmental risks. The Swedish Environmental Code (Sw: *Miljöbalken (1998:808)*) states that everyone who has conducted a business operation that has contributed to pollution, also has a responsibility for after-treatment of the property. Local environmental regulations in areas outside Sweden might also be applicable to the holdings in the specific country. If the responsible person cannot carry out or pay for the after-treatment of a polluted property, the person who has acquired the property is liable for after-treatment provided that the buyer

at the time of the acquisition knew of or should have discovered the pollution. This means that claims, under certain conditions, may be raised against the Group for soil remediation or for remediation concerning presence or suspicion of pollution in soil, water areas or ground water, in order to put the property in a condition pursuant to the Swedish Environmental Code. If any of the Group's properties prove to be contaminated, it may result in a limitation of the Group's planned use of the property, lead to significant costs for after-treatment and/or adversely affect the value of the property. Corem deems the probability of such risks materializing to be *medium*. If the risks would materialize, Corem considers the potential impact to be *low*.

1.2 Risks related to the Bonds

1.2.1 Financial risks

Credit risk

Investors who invest in the Bonds become exposed to a credit risk in relation to Corem, including the risk of losing the value of the entire investment. The investor's right to receive payment under the Terms and Conditions is dependent on the Group's ability to fulfil its payment obligations, which in its turn is dependent on the development of the Group's business activities and its financial position. A general downturn in the Group's financial position could increase the credit risk with subsequent higher risk premium for the Bonds on the market and could negatively affect the Group's ability to refinance the Bonds at maturity, which ultimately could decrease the market price of the Bonds. Corem deems the probability of such risk materializing to be *low*. If the risks would materialize, Corem considers the potential impact on Corem's ability to fulfil its payment obligations to be *high*.

Interest rate risk

The Bonds' value depends on several factors, one of the most significant over time being the level of market interest. The interest rate of the Bonds is calculated as 3 months STIBOR plus an interest margin. Investments in the Bonds involve a risk that the market value of the Bonds may be negatively affected by increases in market interest rates, as Bonds or notes issued in a higher interest environment may yield a higher total return than the Bonds, which may make it difficult for the Bondholders to sell the Bonds at a time and a price acceptable to the Bondholder. Corem deems the probability of such risk materializing to be *medium*. If the risks would materialize, Corem considers the potential impact to be *medium*.

The determining interest rate benchmarks, such as STIBOR, have been subject to regulatory changes such as the so-called Benchmark Regulation (Regulation (EU) 2016/1011 of the European Parliament and of the Council of 8 June 2016 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds and amending Directives 2008/48/EC and 2014/17/EU and Regulation (EU) No 596/2014)(the "**Benchmark Regulation**"). The Benchmark Regulation came into force on 1 January 2018. The Benchmark Regulation regulates the provision of benchmarks, the contribution of input data to a benchmark and the use of benchmarks within the EU. There are future risks that the Benchmark Regulation affects how certain benchmarks are determined and how they are developed. This in conjunction with increased administrative requirements can lead to a reduced number of entities involved in the determination of benchmarks, which, in such case, would lead to a certain reference interest ceasing to be published. As the interest rate of the Bonds are

calculated as 3 months STIBOR plus an interest margin, an investor in the Bonds may be adversely affected if STIBOR ceases to be calculated or administered, or if revisions are made to the way STIBOR is determined in the future, an investor in the Bonds may be adversely affected. Corem deems the probability of such risk materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *low*.

Risks related to admission to trading

Corem has undertaken to ensure that the Bonds and any Subsequent Bonds are admitted to trading on the sustainable bond list of Nasdaq Stockholm or on another Regulated Market within certain stipulated time periods, as defined in the Terms and Conditions. There is a risk that the Bonds will not be admitted to trading on the relevant marketplace within the intended time frames or at all, which may cause the market value of the Bonds to decrease and make it difficult to sell the Bonds. In addition, if the Bonds are not admitted to trading within 60 days after the Issue Date, the Bonds will cease to qualify as an investment asset (Sw: *investeringstillgång*) as stipulated in the Swedish Income Tax Act (Sw: *inkomstskattelagen (1999:1229)*) and must be discharged from any investment savings account (Sw: *investeringssparkonto*), which may have a material adverse effect on a Bondholder's tax position with respect to the Bonds. Failure to obtain listing in time would provide each Bondholder with a right of prepayment (put option) of its Bonds.

Even if the Bonds are admitted to trading on a Regulated Market, the liquidity and trading price of the Bonds may vary as a result of numerous factors, including general market movements and irrespective of Corem's performance. This may mean that a Bondholder cannot sell his or her Bonds at the desired time or at a yield which is comparable to similar investments that have an existing and functioning secondary market. A lack of liquidity in the market may have a negative impact on the market value of the Bonds. There is a risk that a demand for and trading with the Bonds does not occur or is not maintained.

Corem deems the probability of the secondary trading in the Bonds being impacted as described above as *medium*. If the risks would materialize, Corem considers the potential impact to be *low*.

Risk related to green bonds

The Bonds are defined as green bonds according to Corem's green finance framework (the "**Green Finance Framework**") as it is worded on the issue date of the relevant Bonds. The Green Finance Framework, as well as market practice for green bonds, may be amended and developed after the issue date for the relevant Bonds, thus affecting any requirements applicable to Corem in respect of any other Subsequent Bonds. Amendments to the Green Finance Framework after the issue date for the relevant Bonds will not affect the conditions applicable to the relevant Bonds. Corem's failure to comply with the Green Finance Framework or use the proceeds from the issue of the Bonds in accordance therewith does not constitute an event of default under the Terms and Conditions and would not permit bondholders to exercise any early redemption rights or receive any other type of compensation for non-compliance with the Green Finance Framework. Hence, there is a risk that expectations of investors, insofar such expectations are related to the compliance with the Green Finance Framework, are not met. Corem deems the probability of such risk materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *low*.

1.2.2 Risks related to the bondholders' rights

Priority rights and structural subordination

The Bonds constitute direct, unconditional, unsubordinated and unsecured obligations of Corem and shall rank at least pari passu with other direct, unconditional, unsubordinated and unsecured obligations of Corem. The Bonds are not guaranteed by any of Corem's subsidiaries or any other company or person. This means that the Bonds are structurally subordinated to any indebtedness raised in any of the property-owning subsidiaries, and so the creditors of such indebtedness have priority over the Bondholders to the assets and revenue generated in the subsidiaries. In the event of Corem's liquidation, company reconstruction or bankruptcy, a Bondholder would normally receive payment after any prioritized creditors (e.g. lenders or investors that have the benefit of security) have received payment. The Terms and Conditions do not include any restriction on the ability of the Group to incur additional indebtedness (other than indirectly, by financial undertakings relating to interest cover ratio and the equity ratio) and hence Corem may post security to other lenders which would not secure the Bonds. In the event a subsidiary becomes subject of liquidation, company reconstruction or bankruptcy the subsidiary's creditors have priority over Corem as well as the Bondholders. Each investor should be aware of the risk that a Bondholder may lose the whole, or part of, his or her investment in the event of Corem's liquidation, bankruptcy or company reconstruction. Corem deems the probability of such risk materializing to be *low*. If the risks would materialize, Corem considers the potential impact to be *high*.

Risks related to acceleration of the Bonds and put options

Corem is required to comply with the Terms and Conditions, inter alia, to pay interest under the Bonds. Upon the occurrence of an Event of Default (as specified in the Terms and Conditions), the Bonds may be accelerated at the terms and price set out in the Terms and Conditions. Furthermore, upon the occurrence of a Change of Control Event, a Delisting Event or a Listing Failure Event (as defined in the Terms and Conditions), each Bondholder will have a right to request (put option) that all, or only some, of its Bonds be repurchased at the terms and price set out in the Terms and Conditions. Following any of the above-mentioned events, there is a risk that Corem will not have sufficient funds at the time of such acceleration or repurchase to make the required redemption of, or payment in respect of, the Bonds. This could in turn adversely affect Corem's ability to meet its financial obligations and consequently affect all Bondholders, including those who did not exercise the option. Corem deems the probability of such risk materializing to be *high* in respect of a Change of Control Event, and *low* in respect of an Event of Default, a Delisting Event and a Listing Failure Event. If the risks would materialize, Corem considers the potential impact to be *medium*.

3 SUMMARY OF THE BOND LOAN

This section provides a general and broad description of the Bonds. It does not claim to be comprehensive or cover all details of the Bonds. Potential investors should therefore carefully consider this Prospectus as a whole, including the documents incorporated by reference (see below Section 6.2 (Documents incorporated by reference)) and the full Terms and Conditions for the Bonds, which can be found in the Section 7 (Terms and Conditions for the Bonds), before a decision is made to invest in the Bonds.

3.1 The Bonds

The Bonds are senior unsecured floating rate green bonds. The aggregate nominal amount of the Bonds is maximum SEK 2,000,000,000 represented by a maximum number of 1,600 Bonds denominated in SEK, each Bond with a Nominal Amount of SEK 1,250,000. As of the date of the Prospectus 800 Bonds in the aggregate nominal amount of SEK 1,000,000,000 have been issued, which includes the Initial Bonds. The Company may at one or more occasions issue Subsequent Bonds in accordance with Clause 2.5 of the Terms and Conditions, until the total amount of Subsequent Bonds and the Initial Bonds equals SEK 2,000,000,000. For the avoidance of doubt, this Prospectus has been prepared solely for the purpose of admitting the Initial Bonds, equal to 800 Bonds in the aggregate nominal amount of SEK 1,000,000,000, to trading at Nasdaq Stockholm.

Initial Bond Issue

The Company issued the Initial Bonds of SEK 1,000,000,000 on 28 January 2025.

The Bonds have been issued in accordance with Swedish law and are affiliated to the account-based system of Euroclear Sweden AB (P.O. Box 191, SE-101 23 Stockholm, Sweden). Holding of the Bonds is recorded at each Bondholder's Securities Account. No physical notes have been or will be issued. Payment of principal, interest and, if applicable, withholding of preliminary tax will be made through Euroclear's book-entry system.

The Bonds' ISIN-code is SE0023847652. The Bonds' FISN-code is COREM/FRN DEBT 20280428 and the Bonds' CFI-code is DBVNDR.

3.2 Green Finance Framework

The Bonds are defined as green bonds under the Group's Green Finance Framework as it is worded on the issue date of the relevant Bonds, which for the Initial Bonds is the version of the Green Finance Framework established in August 2023. The Green Finance Framework has been developed in alignment with International Capital Markets Association's Green Bond Principles from 2021 ("**GBP**") and the Loan Market Association's the Green Loan Principles from 2023 ("**GLP**"). The Green Finance Framework is applicable for issuances of green bonds and other types of debt instruments where net proceeds will be applied to finance or re-finance, in part or in full, new and/or existing eligible projects/assets with clear environmental benefits. The Green Finance Framework is, moreover, aligned with the four recommended components of the GBP and the GLP, being (i) Use of Proceeds, (ii) Process for Project/Asset Evaluation and Selection, (iii) Management of Proceeds, and (iv) Reporting. The Green Finance Framework is focusing on environmentally friendly and energy-efficient buildings and

investments in energy efficiency solutions.

In accordance with the Green Finance Framework, the net proceeds from green finance instruments shall be used to finance or re-finance, in whole or in part, a portfolio of green eligible projects (“**Green Eligible Projects**”). Green Eligible Projects are both capital expenditures (could either be reported directly in the income statement or capitalized on the balance sheet) and operational expenditures. Green Eligible Projects aim to enable climate change mitigation as well as provide distinct environmental benefits and comply with criteria detailed in the Green Finance Framework. The Company will continuously exercise its professional judgement, discretion and sustainability expertise when identifying the Green Eligible Projects. Refinancing refers to Green Eligible Projects that have been finalized 12 months prior to the reporting year. The Net Proceeds of the Bonds will not be used to finance fossil fuel energy generation, nuclear energy generation, controversial weapons, potentially environmentally negative resource extraction, or tobacco.

Green Eligible Projects have been (or will be, as the case may be) selected by Corem from time to time in accordance with Corem’s evaluation of eligibility under the criteria in the Green Finance Framework, which sets out the categories of projects eligible for financing (or refinancing) under the Green Finance Framework. Corem has established a committee (the “**Green Finance Committee**”) which is responsible for evaluating the compliance of the proposed Green Eligible Projects with the eligibility criteria as well as continuously ensuring that the pool of Green Eligible Projects is aligned with the categories and eligibility criteria stated in the Green Finance Framework, including replacing investments that no longer meet the eligibility criteria. The criteria for qualification as Green Eligible Projects under the Green Finance Framework may change from time to time. Proceeds yet to be allocated will be placed in Corem’s liquidity reserves or any other treasury business and will be managed as such.

Net proceeds from Corem’s green finance instruments will be tracked by using a spreadsheet where all issued amounts of green finance instruments will be inserted. The spreadsheet will also contain the list of Green Eligible Projects. The information available in the spreadsheet will in turn serve as basis for regular reporting and will be verified by an external party.

To enable investors, lenders, and other stakeholders to follow the development of the Green Eligible Projects funded by green finance instruments, a report (“**Green Finance Report**”) will be made available on the Company’s website. The Green Finance Report will include an allocation report and an impact report and will be published annually as long as there are green finance instruments outstanding.

In the case Corem would have other green finance instruments than bonds outstanding, the Company may choose to report, in relation to these other financial instruments, directly and non-publicly, to the lenders or counterparts.

The Green Finance Framework has been reviewed by the impartial firm CICERO Shades of Green, which has provided a second opinion to confirm the Green Finance Framework’s alignment with the GBP and the GLP. The Green Finance Framework and the second opinion are available on Corem’s website <https://www.corem.se/en/investor-relations/prospectus-shares-and-bonds-etc/> (the information on the website does not form part of the Prospectus unless that information is incorporated by reference into the Prospectus, and it has not been reviewed or approved by the competent authority).

3.3 Use of proceeds

Corem shall use an amount corresponding to the Net Proceeds (the gross proceeds from the offering of the relevant Bonds, minus the costs incurred by the Company in conjunction with the issuance thereof) from the issue of the Bonds in accordance with the Green Finance Framework, including financing or refinancing of green buildings, investments in energy efficiency, redemption and/or repurchase Corem Kelly AB's outstanding bonds as well as Corem's outstanding bonds.

3.4 Admission to trading

Corem shall ensure that (i) the Initial Bonds are admitted to trading on the sustainable bond list of Nasdaq Stockholm or on another Regulated Market within sixty (60) calendar days following the First Issue Date; and (ii) any Subsequent Bonds are admitted to trading on the sustainable bond list of Nasdaq Stockholm or another Regulated Market within sixty (60) calendar days following the Issue Date of such Subsequent Bonds and the volume of listed Bonds is increased accordingly. Corem expects total costs in connection with the admission to trading of the Initial Bonds to amount to no more than SEK 200,000.

If admitted, the Initial Bonds will be listed on the sustainable bond list of Nasdaq Stockholm, which is a Regulated Market.

3.5 Status of the Bonds

The Bonds are in the form of debt instruments intended for public sale. A Bond confirms that the Bondholder has a claim against Corem. The Bonds constitute direct, unconditional, unsubordinated, and unsecured obligations of Corem and shall at all times rank *pari passu* and without any preference among them, and at least *pari passu* with all other direct, unconditional, unsubordinated and unsecured obligations of the Company, except obligations which are preferred by mandatory regulation. The Bonds are freely transferable and trading with the Bonds between investors may occur from the date the Bonds were issued. The Bondholders may be subject to purchase or transfer restrictions with regard to the Bonds under local laws to which a Bondholder may be subject. Each Bondholder must ensure compliance with such restrictions at its own cost and expense. The Bonds have not been, and will not be, registered under the Securities Act or the securities laws of any other jurisdiction.

3.6 Issuance and maturity

The Initial Bonds were issued on 28 January 2025. Corem shall redeem all, but not some only, of the outstanding Bonds in full on the Final Maturity Date with an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest, unless and to the extent not previously redeemed or repurchased in accordance with the Terms and Conditions. The Final Maturity Date shall take place on 28 April 2028. Payment of the Nominal Amount and accrued but unpaid Interest shall be made to the person who is registered on a Securities Account as Bondholder, or to the person who is otherwise entitled to receive payment under a Bond on the Record Date prior to the Redemption Date. The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the Redemption Date.

3.7 Issuer's purchase of the Bonds

Corem may, subject to applicable regulations, at any time and at any price purchase Bonds on the market or in any other way. The Bonds held by Corem may at Corem's discretion be retained or sold, but not cancelled, except in connection with a redemption of the Bonds in full.

3.8 Issuer's Call Option

Corem may redeem all, but not some only, of the outstanding Bonds in full any time from and including the first Business Day falling three (3) months prior to the Final Maturity Date to, but excluding, the Final Maturity Date, at a price equal to 100 percent of the Nominal Amount together with accrued but unpaid Interest.

Further, Corem may redeem all, but not some only, of the outstanding Bonds at an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest on a Redemption Date determined by Corem if it is or becomes unlawful for Corem to perform its obligations under the Finance Documents, in accordance with Section 9.4 (*Early redemption due to illegality (call option)*) of the Terms and Conditions.

3.9 Put Option

Each Bondholder shall have the right to request that all, or only some, of its Bonds are repurchased at a price per Bond equal to 101 per cent of the Nominal Amount together with accrued but unpaid Interest if a Change of Control Event, a Delisting Event or a Listing Failure Event occurs. Such right lapses after a period of 20 Business Days following a notice from the Company of the Change of Control Event, the Delisting Event or the Listing Failure Event.

3.10 Acceleration of the Bonds

Under certain conditions specified under Section 13 (*Acceleration of the Bonds*) of the Terms and Conditions, the Bondholders are entitled to request that Corem redeems the Bonds at an amount equal to 100 per cent of the Nominal Amount together with accrued but unpaid Interest.

3.11 Interest

The Initial Bonds carries an interest at three (3) months STIBOR plus 4.25 per cent per annum from (but excluding) 28 January 2025 (the First Issue Date) up to (and including) the relevant Redemption Date. Interest is paid quarterly in arrears on each Interest Payment Date and is calculated on the basis of the actual number of days in the Interest Period in respect of which payment is being made divided by 360 days (Day-count fraction is Act/360-days basis). Interest shall under the Terms and Conditions never be calculated as being an amount less than zero (0). Interest Payment Date means 28 January, 28 April, 28 July, and 28 October of each year. The right to payment of Interest becomes time-barred and void three (3) years after each Interest Payment Date.

3.12 Representation of the holders

Nordic Trustee & Agency AB (publ) is acting as agent for the holders in relation to the Bonds, and if relevant, any other matter within its authority or duty in accordance with the Terms and Conditions. By acquiring Bonds, each Bondholder confirms such appointment and authorisation for the agent to act on its behalf in any legal or arbitration proceedings relating to the Bonds held by such Bondholder. An agency agreement was entered into between the Agent and the Company on or about the First Issue Date regarding, among others, the remuneration payable to the Agent and indemnification. The agency agreement is available at the Agent's office address (Norrandsgatan 23, SE-111 43 Stockholm, Sweden) during normal business hours and at Corem's website <https://www.corem.se/en/investor-relations/prospectus-shares-and-bonds-etc/> (the information on the website does not form part of the prospectus unless that information is incorporated by reference into the Prospectus, and it has not been reviewed or approved by the competent authority). The Agent may, at any time, convene a Bondholders' Meeting or instigate a Written Procedure among Bondholders, which may lead to a majority decision in order to bind all Bondholders, see Section 15 (*Decisions by Bondholders*) in the Terms and Conditions. The rights and obligations of the Agent are further set forth in the Terms and Conditions.

3.13 Benchmark Regulation

The interest payable under the Bonds is calculated by reference to the benchmark STIBOR, as defined in the Terms and Conditions. Since 20 April 2020 STIBOR is administrated by Swedish Financial Benchmark Facility AB ("**SFBF**") (a wholly owned subsidiary of Global Rate Set Systems Ltd). SFBF assumes overall responsibility and is the principal for STIBOR. As of the date of this Prospectus, SFBF is included in the register of administrators and benchmarks maintained by the European Securities and Markets Authority ("**ESMA**") pursuant to Article 36 of Regulation (EU) 2016/1011 (as amended, "**BMR**").

3.14 Advisers

Walthon Advokater AB has acted as the legal advisor to Corem in connection with the issuance of the Initial Bonds.

Directors' and Managers' possible conflicts of interest

Save for what is mentioned in this section, there are no conflicts of interest between the private interests of the Board Members or the Senior Management and Corem's interests.

Board Member Patrik Essehorn is partner at Walthon Advokater AB, which regularly provides legal services for the Group.

4.7 Material agreements

Corem has not entered into any material contracts outside of the Company's ordinary course of business, which could result in any Group company being under an obligation or entitlement that is material to Corem's ability to meet its obligations to the bondholders.

4.8 Certain material interests

Swedbank AB (publ), Skandinaviska Enskilda Banken AB (publ), and Nordea Bank Abp (the "Bookrunners"), have engaged in, and may in the future engage in, investment banking and/or commercial banking or other services for the Group in the ordinary course of business. In particular, it should be noted that a Bookrunner might be a lender under certain credit facilities with a Group company as borrower. Therefore, conflicts of interest may exist or may arise as a result of a Bookrunner having previously engaged, or will in the future engage, in transactions with other parties, having multiple roles or carrying out other transactions for third parties with conflicting interests.

4.9 Disputes and litigation

Due to the nature of the Group's business, Corem is from time to time involved in disputes with tenants or suppliers. None of the disputes to date are deemed to be significant for Corem.

Corem is not and has not been party to any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatening which Corem is aware of) during the previous 12 months which may have, or have had in the recent past, significant effects on Corem's financial position or profitability.

4.10 **Credit rating**

Independent credit rating institutes rate companies' ability to meet their financial obligations. A credit rating is not a recommendation to buy, sell or hold securities and can be changed or withdrawn by the credit rating institute at any time. It is each potential investor's responsibility to obtain up-to-date information on credit ratings as it may be subject to change. On the date of this Prospectus, Corem has a rating at Scope Ratings of BBB- with negative outlook.¹

4.11 **Trend information**

There has been no material adverse change in the prospects of the Issuer since 31 December 2023, being the date of the last published annual audited financial statements of the Issuer.

There has been no significant change in the financial performance of the Group since 30 September 2024, being the end of the financial period for which financial information has been published to the date of this Prospectus.

Apart from the issuance of the Initial Bonds, there have been no significant changes in the financial position of the Group since 30 September 2024, being the last financial period for which interim financial information of the Issuer has been published.

4.13 **Environmental activities**

Property management, construction and property development have environmental impact. The Swedish Environmental Code (Sw: *miljöbalken (1998:808)*) states that everyone who has conducted a business operation that has contributed to pollution also has a responsibility for after-treatment of the property. If the responsible person cannot carry out or pay for the after-treatment of a polluted property, the person who has acquired the property is liable for after-treatment provided that the buyer at the time of the acquisition knew of or should have discovered the pollution. This means that claims, under certain conditions, may be raised against Corem for soil remediation or for remediation concerning presence or suspicion of pollution in soil, water areas, or ground water, in order to put the property in a condition pursuant to the Swedish Environmental Code. Legislation and environmental standards constitute the basis for Corem's environmental work and Corem complies with the laws and regulatory requirements that exist for properties.

- 4.3 The Agent may assume that the documentation and evidence delivered to it pursuant to Clause 4.1 or 4.2 is accurate, legally valid, enforceable, correct, true and complete unless it has actual knowledge to the contrary, and the Agent does not have to verify or assess the contents of any such documentation. The documentation and evidence delivered to the Agent pursuant to Clause 4.1 or 4.2 are not reviewed by the Agent from a legal or commercial perspective of the Bondholders.

4.4 The Agent shall promptly confirm to the Issuing Agent when it is satisfied that the conditions precedent in Clause 4.1 or 4.2, as the case may be, have been fulfilled (or amended or waived in accordance with Clause 16 (*Amendments and waivers*)). The relevant Issue Date shall not occur unless the Agent makes such confirmation to the Issuing Agent prior to the relevant Issue Date.

4.5 Following receipt by the Issuing Agent of the confirmation in accordance with Clause 4.4, the Issuing Agent shall settle the issuance of Bonds and pay the Net Proceeds of the Initial Bonds or the Subsequent Bonds (as applicable) to the Issuer on the relevant Issue Date.

5. BONDS IN BOOK-ENTRY FORM

5.1 The Bonds will be registered for the Bondholders on their respective Securities Accounts and no physical bonds will be issued. Accordingly, the Bonds will be registered in accordance with the Financial Instruments Accounts Act. Registration requests relating to the Bonds shall be directed to an Account Operator. The Debt Register shall constitute conclusive evidence of the persons who are Bondholders and their holdings of Bonds.

5.2 Those who according to assignment, Security, the provisions of the Swedish Children and Parents Code (Sw: *föräldrabalken (1949:381)*), conditions of will or deed of gift or otherwise have acquired a right to receive payments in respect of a Bond shall register their entitlements to receive payment in accordance with the Financial Instruments Accounts Act.

5.3 The Issuer and the Agent shall at all times be entitled to obtain information from the Debt Register. At the request of the Agent, the Issuer shall promptly obtain such information and provide it to the Agent. For the purpose of carrying out any administrative procedure that arises out of the Finance Documents, the Issuing Agent shall be entitled to obtain information from the Debt Register.

5.4 The Issuer, the Agent and the Issuing Agent may use the information referred to in Clause 5.3 only for the purposes of carrying out their duties and exercising their rights in accordance with the Finance Documents and the Agency Agreement and shall not disclose such information to any Bondholder or third party unless necessary for such purposes.

5.5 The Issuer shall issue any necessary power of attorney to such persons employed by the Agent, as notified by the Agent, in order for such individuals to independently obtain information directly from the Debt Register. The Issuer may not revoke any such power of attorney unless directed by the Agent or unless consent thereto is given by the Bondholders.

6. RIGHT TO ACT ON BEHALF OF A BONDHOLDER

6.1 If any person other than a Bondholder (including the owner of a Bond, if such person is not the Bondholder) wishes to exercise any rights under the Finance Documents, it must obtain a power of attorney or other proof of authorisation from the Bondholder or a successive, coherent chain of powers of attorney or proofs of authorisation starting with the Bondholder and authorising such person.

6.2 A Bondholder may issue one or several powers of attorney or other authorisations to third parties to represent it in relation to some or all of the Bonds held by it. Any such representative may act independently under the Finance Documents in relation to the Bonds for which such representative is entitled to represent the Bondholder.

6.3 The Agent shall only have to examine the face of a power of attorney or other proof of authorisation that has been provided to it pursuant to Clause 6.2 and may assume that such document has been duly authorised, is valid, has not been revoked or superseded and that it is in full force and effect, unless otherwise is apparent from its face or the Agent has actual knowledge to the contrary.

- 6.4 These Terms and Conditions shall not affect the relationship between a Bondholder who is the nominee (Sw: *förvaltare*) with respect to a Bond and the owner of such Bond, and it is the responsibility of such nominee to observe and comply with any restrictions that may apply to it in this capacity.

7. PAYMENTS IN RESPECT OF THE BONDS

- 7.1 Any payment or repayment under the Finance Documents, or any amount due in respect of a repurchase of any Bonds, shall be made to such person who is registered as a Bondholder on the Record Date prior to an Interest Payment Date or other relevant payment date, or to such other person who is registered with the CSD on such Record Date as being entitled to receive the relevant payment, repayment or repurchase amount.
- 7.2 Provided that a Bondholder has registered an income account (Sw: *avkastningskonto*) for the relevant Securities Account on the applicable Record Date, the CSD shall procure that principal, interest and other payments under the Bonds are deposited to such income account on the relevant payment date. If an income account has not been registered on the Record Date for the payment, no payment will be effected by the CSD to such Bondholder. The outstanding amount will instead be held by the Issuer until the person that was registered as a Bondholder on the relevant Record Date has made a valid request for such amount. Should the CSD, due to a delay on behalf of the Issuer or some other obstacle, not be able to effect payments as aforesaid, the Issuer shall procure that such amounts are paid to the persons who are registered as Bondholders on the relevant Record Date as soon as possible after such obstacle has been removed.
- 7.3 If, due to any obstacle for the CSD, the Issuer cannot make a payment or repayment, such payment or repayment may be postponed until the obstacle has been removed. Interest shall accrue in accordance with Clause 8.4 during such postponement.
- 7.4 If payment or repayment is made in accordance with this Clause 7, the Issuer and the CSD shall be deemed to have fulfilled their obligation to pay, irrespective of whether such payment was made to a person not entitled to receive such amount, unless the Issuer or the CSD (as applicable) was aware of that the payment was being made to a person not entitled to receive such amount.
- 7.5 The Issuer is not liable to gross-up any payments under the Finance Documents by virtue of any withholding tax, public levy or the similar.

8. INTEREST

- 8.1 Each Initial Bond carries Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the First Issue Date up to (and including) the relevant Redemption Date. Any Subsequent Bond will carry Interest at the Interest Rate applied to the Nominal Amount from (but excluding) the Interest Payment Date falling immediately prior to its issuance (or the First Issue Date if there is no such Interest Payment Date) up to (and including) the relevant Redemption Date. For the avoidance of doubt, interest under these Terms and Conditions shall never be calculated as being an amount less than zero (0).
- 8.2 Interest accrues during an Interest Period. Payment of Interest in respect of the Bonds shall be made to the Bondholders on each Interest Payment Date for the preceding Interest Period.
- 8.3 Interest shall be calculated on the basis of the actual number of days in the Interest Period in respect of which payment is being made divided by 360 (actual/360-days basis).
- 8.4 If the Issuer fails to pay any amount payable by it under the Finance Documents on its due date, default interest shall accrue on the overdue amount from (but excluding) the due date up to (and including) the date of actual payment at a rate which is 200 basis points higher than the Interest Rate. The default interest shall not be capitalised. No default interest shall

accrue where the failure to pay was solely attributable to the Agent or the CSD, in which case the Interest Rate shall apply instead.

9. REDEMPTION AND REPURCHASE OF THE BONDS

9.1 Redemption at maturity

The Issuer shall redeem all, but not some only, of the outstanding Bonds in full on the Final Maturity Date with an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest. If the Final Maturity Date is not a Business Day, then the redemption shall occur on the first following Business Day.

9.2 Issuer's purchase of Bonds

9.3.2 Redemption in accordance with Clause 9.3.1 shall be made by the Issuer giving not less than five (5) Business Days' notice to the Bondholders and the Agent, in each case calculated from the effective date of the notice. The notice from the Issuer shall specify the Redemption Date and also the Record Date on which a person shall be registered as a Bondholder to receive the amounts due on such Redemption Date. The notice is irrevocable but may, at the Issuer's discretion, contain one or more conditions precedent that shall be satisfied prior to the Record Date. Upon expiry of such notice and the fulfilment of the conditions precedent (if any), the Issuer shall redeem the Bonds in full at the applicable amount on the specified Redemption Date.

9.4 Early redemption due to illegality (call option)

9.4.1 The Issuer may redeem all, but not some only, of the outstanding Bonds at an amount per Bond equal to the Nominal Amount together with accrued but unpaid Interest on a Redemption Date determined by the Issuer if it is or becomes unlawful for the Issuer to perform its obligations under the Finance Documents.

9.4.2 The Issuer shall give notice of redemption pursuant to Clause 9.4.1 no later than twenty (20) Business Days after having received actual knowledge of any event specified therein (after which time period such right shall lapse).

9.4.3 A notice of redemption in accordance with Clause 9.4.1 is irrevocable and shall specify the Redemption Date and the Record Date on which a person shall be registered as a Bondholder to receive the amounts due on such Redemption Date. The Issuer shall redeem the Bonds in full at the applicable amount on the specified Redemption Date.

9.5 Mandatory repurchase due to a Change of Control Event, Delisting Event or a Listing Failure Event (put option)

9.5.1 Upon the occurrence of a Change of Control Event, a Delisting Event, or a Listing Failure Event, each Bondholder shall during a period of twenty (20) Business Days from the effective date of a notice from the Issuer of the Change of Control Event, the Delisting Event or the Listing Failure Event, as the case may be, pursuant to paragraph (a)(i) of Clause 10.2 (after

However, such period may not start earlier than upon the occurrence of the Change of Control Event, the Delisting Event or the Listing Failure Event, as the case may be.

- 9.5.2 The notice from the Issuer pursuant to paragraph (a)(i) of Clause 10.2 shall specify the period during which the right pursuant to Clause 9.5.1 may be exercised, the Redemption Date and include instructions about the actions that a Bondholder needs to take if it wants Bonds held by it to be repurchased.
- 9.5.3 If a Bondholder has so requested, and acted in accordance with the instructions in the notice from the Issuer, the Issuer shall repurchase the relevant Bonds and the repurchase amount shall fall due on the Redemption Date specified in the notice given by the Issuer pursuant to paragraph (a)(i) of Clause 10.2. The Redemption Date must fall no later than forty (40) Business Days after the end of the period referred to in Clause 9.5.1.
- 9.5.4 The Issuer shall comply with the requirements of any applicable securities regulations in connection with the repurchase of Bonds. To the extent that the provisions of such laws and regulations conflict with the provisions in this Clause 9.5, the Issuer shall comply with the applicable securities regulations and will not be deemed to have breached its obligations under this Clause 9.5 by virtue of the conflict.
- 9.5.5 Any Bonds repurchased by the Issuer pursuant to this Clause 9.5 may at the Issuer's discretion be retained, sold or cancelled in accordance with Clause 9.2.
- 9.5.6 The Issuer shall not be required to repurchase any Bonds pursuant to this Clause 9.5, if a third party in connection with the occurrence of a Change of Control Event, a Delisting Event, or a Listing Failure Event offers to purchase the Bonds in the manner and on the terms set out in this Clause 9.5 (or on terms more favourable to the Bondholders) and purchases all Bonds validly tendered in accordance with such offer. If Bonds tendered are not purchased within the time limits stipulated in this Clause 9.5, the Issuer shall repurchase any such Bonds within five (5) Business Days after the expiry of the time limit.
- 9.5.7 No repurchase of Bonds pursuant to this Clause 9.5 shall be required if the Issuer has given notice of a redemption pursuant to Clause 9.3 (*Voluntary total redemption (call option)*) and such notice has become unconditional on or before the end of the exercise period, provided that such redemption is duly exercised.

10.2 **Information from the Issuer: miscellaneous**

The Issuer shall:

- (a) promptly notify:

- (i) the Bondholders and the Agent upon becoming aware of the occurrence of a Change of Control Event, a Delisting Event or a Listing Failure Event (such notice may be given in advance of the occurrence of a Change of Control Event, conditioned upon the occurrence of such Change of Control Event, if a definitive agreement is in place providing for a Change of Control Event); and
- (ii) the Agent (with full particulars) upon becoming aware of the occurrence of any event or circumstance which constitutes an Event of Default, or any event or circumstance which would (with the expiry of a grace period, the giving of notice, the making of any determination or any combination of any of the foregoing) constitute an Event of Default, and shall provide the Agent with such further information as it may reasonably request in writing following receipt of such notice, and

11. **GENERAL UNDERTAKINGS**

The Issuer undertakes to (and shall, where applicable, procure that each other Group Company will) comply with the undertakings set out in this Clause 11 for as long as any Bond remains outstanding.

11.1 **Compliance with laws**

11.3 **Disposal of assets**

The Issuer shall not, and shall ensure that none of the Group Companies, sell or otherwise dispose of shares in any Group Company or of all or substantially all of its or any Group Company's assets or operations to any person not being the Issuer or any of the wholly-owned Subsidiaries, unless the transaction is carried out at fair market value and on terms and conditions customary for such transaction and provided that it does not have a Material Adverse Effect.

11.4 **Dealings with related parties**

However, if such date would fall prior to listing of the Initial Bonds, the Subsequent Bonds shall be listed together with the Initial Bonds.

11.5.3 Following an admission to trading, the Issuer shall use its best efforts to maintain the admission as long as any Bonds are outstanding, but not longer than up to and including the last day on which the admission to trading reasonably can, pursuant to the then applicable regulations of the Regulated Market and the CSD, subsist.

11.5.4 It is the Issuer's intention that the Initial Bonds are admitted to trading on the sustainable bond list of Nasdaq Stockholm or on another Regulated Market within thirty (30) calendar days after the First Issue Date. The absence of admission within thirty (30) calendar days shall not constitute a Listing Failure Event nor an Event of Default under these Terms and Conditions.

 - (d) any Finance Document becomes invalid, ineffective or varied (other than in accordance with the provisions of the Finance Documents), and such invalidity, ineffectiveness or variation has a detrimental effect on the interests of the Bondholders;

- 13.6 If the right to accelerate the Bonds is based upon a decision of a court of law, an arbitral tribunal or a government authority, it is not necessary that the decision has become enforceable under any applicable regulation or that the period of appeal has expired in order for cause of acceleration to be deemed to exist.
- 13.7 In the event of an acceleration of the Bonds in accordance with this Clause 13, the Issuer shall redeem all Bonds at an amount per Bond equal to 100 per cent. of the Nominal Amount together with accrued but unpaid Interest.

14. DISTRIBUTION OF PROCEEDS

- 14.1 All payments by the Issuer relating to the Bonds and the Finance Documents following an acceleration of the Bonds in accordance with Clause 13 (*Acceleration of the Bonds*) shall be distributed in the following order of priority, in accordance with the instructions of the Agent:

The Issuer shall upon request provide the convening Bondholder(s) with the information available in the Debt Register in order to convene and hold the Bondholders' Meeting or instigate and carry out the Written Procedure, as the case may be. The Issuer or Bondholder(s), as applicable, shall supply to the Agent a copy of the dispatched notice or communication.

- (b) a change to the terms of any of Clauses 2.1 and 2.7;

- 15.4.4 Quorum at a Bondholders' Meeting or in respect of a Written Procedure only exists if a Bondholder (or Bondholders) representing at least fifty (50) per cent. of the Adjusted Nominal Amount in case of a matter pursuant to Clause 15.4.2, and otherwise twenty (20) per cent. of the Adjusted Nominal Amount:
- (a) if at a Bondholders' Meeting, attend the meeting in person or by other means prescribed by the Agent pursuant to Clause 15.4.2 (or appear through duly authorised representatives); or
 - (b) if in respect of a Written Procedure, reply to the request.
- 15.4.5 If a quorum exists for some, but not all, of the matters to be dealt with at a Bondholders' Meeting or by a Written Procedure, decisions may be taken in the matters for which a quorum exists.

The quorum requirement in Clause 15.4.4 shall not apply to such second Bondholders' Meeting or Written Procedure.
- 15.4.7 Any decision which extends or increases the obligations of the Issuer or the Agent, or limits, reduces or extinguishes the rights or benefits of the Issuer or the Agent, under the Finance Documents shall be subject to the Issuer's or the Agent's consent, as applicable.
- 15.4.8 A Bondholder holding more than one Bond need not use all its votes or cast all the votes to which it is entitled in the same way and may in its discretion use or cast some of its votes only.
- 15.4.9 The Issuer may not, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any owner of Bonds (irrespective of whether such person is a Bondholder) for or as inducement to any consent under these Terms and Conditions, unless such consideration is offered to all Bondholders that consent at the relevant Bondholders' Meeting or in a Written Procedure within the time period stipulated for the consideration to be payable or the time period for replies in the Written Procedure, as the case may be.
- 15.4.10 A matter decided at a duly convened and held Bondholders' Meeting or by way of Written Procedure is binding on all Bondholders, irrespective of them being present or represented at the Bondholders' Meeting or responding in the Written Procedure. The Bondholders that have not adopted or voted for a decision shall not be liable for any damages that this may cause other Bondholders.
- 15.4.11 All costs and expenses incurred by the Issuer or the Agent for the purpose of convening a Bondholders' Meeting or for the purpose of carrying out a Written Procedure, including reasonable fees to the Agent, shall be paid by the Issuer.

- 15.4.12 If a decision is to be taken by the Bondholders on a matter relating to the Finance Documents, the Issuer shall promptly at the request of the Agent provide the Agent with a certificate specifying the number of Bonds owned by Group Companies as per the Record Date for voting, irrespective of whether such person is directly registered as owner of such Bonds. The Agent shall not be responsible for the accuracy of such certificate or otherwise be responsible for determining whether a Bond is owned by a Group Company.
- 15.4.13 Information about decisions taken at a Bondholders' Meeting or by way of a Written Procedure shall promptly be published on the websites of the Group and the Agent, provided that a failure to do so shall not invalidate any decision made or voting result achieved. The minutes from the relevant Bondholders' Meeting or Written Procedure shall at the request of a Bondholder be sent to it by the Issuer or the Agent, as applicable.

16. AMENDMENTS AND WAIVERS

- 16.1 The Issuer and the Agent (acting on behalf of the Bondholders) may agree in writing to amend the Finance Documents or waive any provision in a Finance Document or any other document relating to the Bonds, provided that:

 - (e) such amendment or waiver is made pursuant to Clause 19 (*Replacement of Base Rate*).
- 16.2 The Agent shall promptly notify the Bondholders of any amendments or waivers made in accordance with Clause 16.1, setting out the date from which the amendment or waiver will be effective, and ensure that any amendments to the Finance Documents are made available on the website of the Agent. The Issuer shall ensure that any amendments to the Finance Documents are duly registered with the CSD and each other relevant organisation or authority and shall ensure that any amendments to the Finance Documents are made available on the website of the Group.
- 16.3 An amendment to the Finance Documents shall take effect on the date determined by the Bondholders' Meeting, in the Written Procedure or by the Agent, as the case may be.

17. THE AGENT

17.1 Appointment of the Agent

- 17.1.1 By subscribing for Bonds, each initial Bondholder appoints the Agent to act as its agent in all matters relating to the Bonds and the Finance Documents, and authorises the Agent to act on its behalf (without first having to obtain its consent, unless such consent is specifically required by these Terms and Conditions) in any legal or arbitration proceedings relating to the Bonds held by such Bondholder, including the winding-up, dissolution, liquidation, company reorganisation (Sw: *företagsrekonstruktion*) or bankruptcy (Sw: *konkurs*) of the Issuer. By acquiring Bonds, each subsequent Bondholder confirms such appointment and authorisation for the Agent to act on its behalf.

- 17.1.2 Each Bondholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Bondholder which does not comply with such request.
- 17.1.3 The Issuer shall promptly upon request provide the Agent with any documents and other assistance (in form and substance satisfactory to the Agent), that the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents.
- 17.1.4 The Agent is entitled to fees for its work in such capacity and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.
- 17.1.5 The Agent may act as agent or trustee for several issues of securities or other loans issued by or relating to the Issuer and other Group Companies notwithstanding potential conflicts of interest.
- 17.2 **Duties of the Agent**
- 17.2.1 The Agent shall represent the Bondholders in accordance with the Finance Documents. However, the Agent is not responsible for the content, due execution, legal validity or enforceability of the Finance Documents.
- 17.2.2 When acting in accordance with the Finance Documents, the Agent is always acting with binding effect on behalf of the Bondholders. The Agent shall carry out its duties under the Finance Documents in a reasonable, proficient and professional manner, with reasonable care and skill.
- 17.2.3 The Agent is entitled to delegate its duties to other professional parties, but the Agent shall remain liable for the actions of such parties under the Finance Documents.
- 17.2.4 The Agent shall treat all Bondholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Bondholders as a group and shall not be required to have regard to the interests or to act upon or comply with any direction or request of any other person, other than as explicitly stated in the Finance Documents.
- 17.2.5 The Agent is entitled to engage external experts when carrying out its duties under the Finance Documents. The Issuer shall on demand by the Agent pay all costs for external experts engaged after the occurrence of an Event of Default, or for the purpose of investigating or considering (i) an event which the Agent reasonably believes is or may lead to an Event of Default, or (ii) a matter relating to the Issuer which the Agent reasonably believes may be detrimental to the interests of the Bondholders under the Finance Documents, or (iii) as otherwise agreed between the Agent and the Issuer. Any compensation for damages or other recoveries received by the Agent from external experts engaged by it for the purpose of carrying out its duties under the Finance Documents shall be distributed in accordance with Clause 14 (*Distribution of proceeds*).
- 17.2.6 The Agent shall, as applicable, enter into agreements with the CSD, and comply with such agreement and the CSD Regulations applicable to the Agent, as may be necessary in order for the Agent to carry out its duties under the Finance Documents.
- 17.2.7 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any law or regulation.

- 17.2.8 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Bondholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate Security has been provided therefore) as it may reasonably require.
- 17.2.9 The Agent shall give a notice to the Bondholders (i) before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or (ii) if it refrains from acting for any reason described in Clause 17.2.8.
- 17.2.10 The Agent's duties under these Terms and Conditions are solely mechanical and administrative in nature and the Agent only acts in accordance with these Terms and Conditions and upon instructions from the Bondholders, unless otherwise set out in these Terms and Conditions. In particular, the Agent is not acting as an advisor (whether legal, financial or otherwise) to the Bondholders or any other person.
- 17.2.11 The Agent is not obligated to assess or monitor the financial condition of the Issuer or compliance by the Issuer of the terms of the Finance Documents unless to the extent expressly set out in the Terms and Conditions and the other Finance Documents, or to take any steps to ascertain whether any Event of Default has occurred. Until it has actual knowledge to the contrary, the Agent is entitled to assume that no Event of Default has occurred.
- 17.2.12 Unless it has actual knowledge to the contrary, the Agent may assume that all information provided by or on behalf of the Issuer (including by its advisors) is correct, true and complete in all aspects.
- 17.3 Liability for the Agent**
- 17.3.1 The Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect loss.
- 17.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts engaged by the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Bondholders to delay the action in order to first obtain instructions from the Bondholders.
- 17.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Bondholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 17.3.4 The Agent shall have no liability to the Bondholders or to the Issuer for damage caused by the Agent acting in accordance with instructions of the Bondholders given to the Agent in accordance with the Finance Documents.
- 17.3.5 Any liability towards the Issuer which is incurred by the Agent in acting under, or in relation to, the Finance Documents shall not be subject to set-off against the obligations of the Issuer to the Bondholders under the Finance Documents.
- 17.3.6 The Agent is not liable for information provided to the Bondholders by or on behalf of the Issuer or by any other person.

17.4 **Replacement of the Agent**

- 17.4.1 Subject to Clause 17.4.6, the Agent may resign by giving notice to the Issuer and the Bondholders, in which case the Bondholders shall appoint a successor Agent at a Bondholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 17.4.2 Subject to Clause 17.4.6, if the Agent is Insolvent, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 17.4.3 A Bondholder (or Bondholders) representing at least ten (10) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Bondholders, be given by them jointly), require that a Bondholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Bondholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Bondholders that the Agent be dismissed and a new Agent appointed.
- 17.4.4 If the Bondholders have not appointed a successor Agent within ninety (90) calendar days after (i) the earlier of the notice of resignation was given or the resignation otherwise took place or (ii) the Agent was dismissed through a decision by the Bondholders, the Issuer shall appoint a successor Agent which shall be an independent financial institution or other reputable company with the necessary resources to act as agent in respect of debt issuances.
- 17.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.
- 17.4.6 The Agent's resignation or dismissal shall only take effect upon the appointment of a successor Agent and acceptance by such successor Agent of such appointment and the execution of all necessary documentation to effectively substitute the retiring Agent.
- 17.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Bondholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 17.4.8 In the event that there is a change of the Agent in accordance with this Clause 17.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

18. **THE ISSUING AGENT**

- 18.1 The Issuer shall when necessary appoint an Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds. The Issuing Agent shall be a commercial bank or securities institution approved by the CSD.

18.2 The Issuer shall ensure that the Issuing Agent enters into agreements with the CSD and comply with such agreement and the CSD Regulations applicable to the Issuing Agent, as may be necessary in order for the Issuing Agent to carry out its duties relating to the Bonds.

18.3 The Issuing Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.

19. REPLACEMENT OF BASE RATE

19.1 General

19.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Bondholders in accordance with the provisions of this Clause 19 shall at all times be made by such Independent Adviser, the Issuer or the Bondholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.

19.1.2 If a Base Rate Event has occurred, this Clause 19 shall take precedent over the fallbacks set out in paragraph (b) to (d) of the definition of STIBOR.

19.2 Definitions

In this Clause 19:

“Adjustment Spread” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof to be applied to a Successor Base Rate and that is:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to eliminate, to the extent possible, any transfer of economic value from one party to another as a result of a replacement of the Base Rate and is customarily applied in comparable debt capital market transactions.

“Base Rate Amendments” has the meaning set forth in Clause 19.3.4.

“Base Rate Event” means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;
- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period) permanently or indefinitely and, at the time of the statement or publication, no successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;
- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;

- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator with the consequence that it is unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Bondholder using the applicable Base Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period);
- (e) a public statement or publication of information in each case by the bankruptcy trustee of the Base Rate Administrator or by the trustee under the bank recovery and resolution framework (Sw. *krishanteringsregelverket*) containing the information referred to in (b) above; or
- (f) a Base Rate Event Announcement has been made and the announced Base Rate Event as set out in (b) to (e) above will occur within six (6) months.

“**Base Rate Event Announcement**” means a public statement or published information as set out in paragraph (b) to (e) of the definition of Base Rate Event that any event or circumstance specified therein will occur.

“**Independent Adviser**” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“**Relevant Nominating Body**” means, subject to applicable law, firstly any relevant supervisory authority, secondly any applicable central bank, or any working group or committee of any of them, or thirdly, the Financial Stability Council (*Finansiella stabilitetsrådet*) or any part thereof.

“**Successor Base Rate**” means:

- (a) a screen or benchmark rate, including the methodology for calculating term structure and calculation methods in respect of debt instruments with similar interest rate terms as the Bonds, which is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body; or
- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.

For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply *mutatis mutandis* to such new Successor Base Rate.

19.3 **Determination of Base Rate, Adjustment Spread and Base Rate Amendments**

- 19.3.1 Without prejudice to Clause 19.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense appoint an Independent Adviser to initiate the procedure to determine a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 19.3.2.
- 19.3.2 If a Base Rate Event has occurred, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer’s expense, appoint an Independent Adviser to initiate the procedure to determine, as soon as commercially reasonable, a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating, and finally deciding the applicable Base Rate.
- 19.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 19.3.2, the Bondholders shall, if so decided at a Bondholders’ Meeting or by way of Written Procedure,

be entitled to appoint an Independent Adviser (at the Issuer's expense) for the purposes set forth in Clause 19.3.2. If an Event of Default has occurred and is continuing, or if the Issuer fails to carry out any other actions set forth in Clause 19.3 to 19.6, the Agent (acting on the instructions of the Bondholders) may to the extent necessary effectuate any Base Rate Amendments without the Issuer's cooperation.

19.3.4 The Independent Adviser shall also initiate the procedure to determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice ("**Base Rate Amendments**").

19.3.5 Provided that a Successor Base Rate the applicable Adjustment Spread and any Base Rate Amendments have been finally decided no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period always subject to any technical limitations of the CSD and any calculations methods applicable to such Successor Base Rate.

19.4 **Interim measures**

19.4.1 If a Base Rate Event set out in any of the paragraphs (a) to (e) of the Base Rate Event definition has occurred but no Successor Base Rate and Adjustment Spread have been finally decided prior to the relevant Quotation Day in relation to the next succeeding Interest Period or if such Successor Base Rate and Adjustment Spread have been finally decided but due to technical limitations of the CSD, cannot be applied in relation to the relevant Quotation Day, the Interest Rate applicable to the next succeeding Interest Period shall be:

- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
- (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.

19.4.2 For the avoidance of doubt, Clause 19.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 19. This will however not limit the application of Clause 19.4.1 for any subsequent Interest Periods, should all relevant actions provided in this Clause 19 have been taken, but without success.

19.5 **Notices etc.**

Prior to the Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments become effective the Issuer shall promptly, following the final decision by the Independent Adviser of any Successor Base Rate, Adjustment Spread and any Base Rate Amendments, give notice thereof to the Agent, the Issuing Agent and the Bondholders in accordance with Clause 23 (*Notices and press releases*) and the CSD. The notice shall also include information about the effective date of the amendments. If the Bonds are admitted to trading on a stock exchange, the Issuer shall also give notice of the amendments to the relevant stock exchange.

19.6 **Variation upon replacement of Base Rate**
