RISK FACTORS

In this section, the risk factors which the Issuer considers to be material risks relating to the Company and its subsidiaries and the contemplated Bonds are illustrated. The Issuer's assessment of the materiality of each risk factor is based on the probability of their occurrence and the expected magnitude of their negative impact. The assessment of the materiality of each risk factor is illustrated with a rating of low, medium or high. The description of the risk factors below is based on information available and estimates made on the date of this Prospectus.

*The risk factors are presented in categories where the most material risk factors in a category are presented first under that category. Subsequent risk factors in the same category are not ranked in order of materiality or probability of occurrence. Where a risk factor may be categorised in more than one category, such risk factor appears only once and in the most relevant category for such risk factor. Terms not defined herein shall have the same meaning as ascribed to them in the terms and conditions for the Bonds (the "**Terms and Conditions**").*

Risk factors specific and material to the Issuer

Risks related to breaches of data security, disruptions of information technology systems and cyber threat

The Group's business depends heavily on the use of interdependent information technology systems including internet-based systems and digital tools. Certain key areas such as scheduling and invoicing are to a large extent dependent on the Group's information systems (including cloud-based computing) or those of third-party providers (including for the storage and transfer of critical, confidential, sensitive or personal information regarding its customers and employees). The Group further relies on its technology platforms for customer contacts, making it vulnerable to cybersecurity attacks and incidents and misuse or manipulation of any of these IT systems could result in exposure of confidential information or the modification of critical data.

The Group and its third-party service providers, suppliers, to the best of their ability, secure information technology systems for the protection of data and threat detection. The Group's ability to recover the data might be limited. Therefore, its business continuity could be at risk if the Group is unable to recover data through back-ups and restorations.

The Issuer considers that the probability that the abovementioned risks materialise to be medium. If the risks would materialise, the Issuer considers the potential negative impact to be high.

Risks related to future acquisitions and the Issuer's acquisition strategy

The Issuer's strategic approach is centred on expansion through the acquisition of entities operating within the home services sector. The Issuer will periodically engage in the purchase of businesses that align with its strategic goals. Such acquisitions inherently carry persistent risks, including legal, operational, marketing, brand and financial uncertainties tied to the acquired entities. Moreover, the Issuer's historical financial information may become challenging to analyse consistently due to the periodic nature of these acquisitions, thereby complicating the evaluation of the Issuer's past financial performance. Additionally, accurately determining the true future value of acquired entities at the time of purchase can be challenging.

Parts of the acquisition cost may be structured to include earn-out payments, introducing a risk that the Issuer may find the amount of any earn-out payments difficult to forecast at the acquisition stage or to

value at the time of payment. Disputes related to earn-out payments could arise, potentially leading to protracted and expensive legal proceedings.

The Issuer is committed to pursuing further growth through strategic acquisitions. The execution of this strategy is contingent upon the availability of capital, encompassing both equity and debt. Given the recent volatility in the capital markets, there is no guarantee that the Issuer will consistently secure the necessary funding to support its strategy for acquisition and growth, as detailed in the section "Macroeconomic risks" below. A shortfall in financing could prevent the Issuer from capitalising on prospective business opportunities or from effectively countering competitive pressures. The success of the Issuer's growth through acquisitions also hinges on its ability to identify appropriate targets, perform thorough due diligence, negotiate advantageous terms, and successfully integrate these entities into its operations. There is no certainty that the Issuer will achieve the expected profit margins, cash flows, or the projected benefits from future acquisitions, such as growth or synergies. If the Issuer's evaluations and assumptions regarding prospective acquisitions prove inaccurate, or if developments diverge significantly from its expectations, any of these risks materialising could adversely affect the Issuer's growth prospects, future financial results, and its capacity to finance subsequent acquisitions.

Furthermore, when completing acquisitions, any discrepancy between the purchase price and the fair value of assets acquired and liabilities assumed is often, but not exclusively, recognised as goodwill. If operations underperform in relation to the assumptions made at the time of the initial valuation, a goodwill risk arises. Should the Issuer's valuation of the acquired business prove incorrect, the Issuer will need to write down the goodwill value, which may have a negative impact on the Issuer's financial position and reported result. The Issuer considers that the probability of the above risks occurring is low and the potential negative impact if the risks would materialise is low.

Risks relating to difficulties integrating acquired companies

Since its founding, the Issuer has experienced rapid expansion, primarily through the strategic acquisition of entities within the Swedish home services sector. This growth trajectory necessitates ongoing enhancement of the Issuer's financial frameworks and governance structures. It also requires the assimilation of new acquisitions into the existing corporate structure, the recruitment and retention of adept management and staff, as well as their continuous training and oversight. Ineffectively navigating these growth-related challenges could precipitate elevated operational expenditures, potentially diminishing revenues, and might divert managerial focus from day-to-day activities, thereby exerting a material adverse impact on the Issuer's comprehensive operations.

There exists a possibility that the Issuer's ambitious growth agenda may not allocate adequate resources or time to establish robust internal systems and protocols essential for the thorough integration of newly acquired entities. The amalgamation process itself could consume more resources than anticipated, potentially disrupting the Issuer's business due to unforeseen legal or contractual complications or issues arising from the pursuit of synergies, or from the inability to sustain high service standards and robust internal governance and control. These risks might be aggravated by the dynamics inherent in the acquisition of entities previously under close proprietorship, where the original owners' diminished or relinquished equity stakes post-acquisition could lead to a decline in their motivation. Inadequate management of these growth-related risks could result in increased operational costs and the failure of the acquired entities to achieve their strategic and financial objectives, leading to reduced profitability. This may necessitate further diversion of management resources, with a consequent material adverse effect on the Issuer.

Any such escalation in costs or inability to realise synergies could materially affect the Issuer's revenue streams and financial health, potentially impairing the Issuer's capacity to fulfil its obligations under the Bonds.

As the Issuer continues to grow, the management team will be tasked with additional responsibilities, including the identification, recruitment, training, and integration of new employees. There is a risk that the Issuer may not effectively manage these evolving dynamics and expansion. Given the Issuer's relatively brief history and the rapid succession of acquisitions, there is no assurance that past acquisitions will continue to contribute positively to growth or that they will not give rise to any of the aforementioned complications in the future. Considering the Issuer's revenue growth is anticipated to derive, in part, from ongoing acquisitions, the Issuer may repeatedly encounter risks associated with such transactions.

The Issuer considers that the probability that the abovementioned risks materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be low.

Macroeconomic risks

The Group is currently active within the Swedish home services industry, which is closely tied to the overall health of the economy. During periods of economic expansion, household disposable income generally increases, leading to greater consumer spending on non-essential services such as home cleaning. Conversely, in times of economic downturn, consumers may prioritise essential spending and reduce outlays on services deemed non-essential, which could include home cleaning. This cyclical sensitivity means that the demand for home cleaning services, and consequently the revenue of companies within this industry, may fluctuate in line with the broader economic climate.

The Group is currently experiencing a significant increase in demand within its white goods business area, which has necessitated an intensification of recruitment efforts. In order to capitalise on this growing demand and mitigate the risk of having to decline new business opportunities, the Group has implemented initiatives aimed at promoting professional development. These initiatives include providing pathways for employees to transition from roles in cleaning or moving services to positions focused on the repair of white goods.

However, it is important to note that there is no guarantee that these measures will prove effective. The success of such professional development programs is contingent upon a variety of factors, including the ability to attract and retain suitable candidates, the effectiveness of the training provided, and the willingness and ability of employees to adapt to new roles. Additionally, the time required to train employees to a level of proficiency necessary for white goods repair may not align with the immediate demands of the market. As such, while the Group is proactive in its approach to workforce development, there is an inherent risk that these efforts may not fully address the increased demand in the white goods business area, which could impact the Group's operations and financial performance.

Moreover, the industry is also influenced by changes in employment rates. High employment typically bolsters disposable income and consumer confidence, potentially increasing demand for home services. On the other hand, rising unemployment can lead to a decrease in consumer spending on such services as households cut back on discretionary spending. Given that the Swedish economy, like any other, is subject to phases of economic growth and contraction, the performance of the Issuer's subsidiaries could be significantly affected by these macroeconomic shifts.

Inflation is another macroeconomic factor that can have a strong impact on the home services industry. Inflationary pressures can lead to increased costs for supplies and labour, which are significant components of the service delivery in the home cleaning sector. If the rate of inflation is high and persistent, it may erode the purchasing power of consumers, leading to reduced demand for home services. Additionally, the Group may face challenges in passing these increased costs onto consumers without risking a loss of market share to alternative cleaning solutions or do-it-yourself.

Interest rates also play a crucial role in the economic landscape. Fluctuations in interest rates can affect borrowing costs for businesses and consumers alike. An increase in interest rates could lead to higher financing costs for the Issuer, potentially reducing profitability and cash flow. For consumers, higher interest rates may decrease disposable income as mortgage and loan payments increase, which could again lead to a reduction in demand for home services.

Lastly, the global economic environment can also influence the Swedish economy through trade, investment, and financial markets. International economic downturns, trade disputes, or disruptions in global supply chains can have ripple effects that may permeate the Swedish economy and, by extension, the home cleaning industry.

The Issuer considers that the probability that the abovementioned risks materialise to be medium. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Risks relating to the Issuer's dependency on its subsidiaries

The Issuer, as the parent entity of the Group, primarily conducts its business activities through its subsidiaries, which are engaged in the Swedish home services sector. The capacity of the Issuer to fulfil its interest payments on any debt instruments bearing interest, including the Bonds, is intrinsically linked to the financial performance of these subsidiaries and their ability to distribute dividends and remit funds to the Issuer. Consequently, the Issuer's financial health and its capability to honour the obligations associated with the Bonds are contingent upon the financial support received from its subsidiaries. The flow of funds from the subsidiaries to the Issuer could be limited or entirely precluded due to statutory or contractual limitations imposed on the subsidiaries.

Additionally, it is important to recognise that these subsidiaries operate as distinct legal entities and are under no obligation to satisfy the Issuer's liabilities to its bondholders or other creditors. Should the subsidiaries fail to declare dividends or encounter other barriers that impede their ability to provide liquidity to the Issuer, whether due to operational challenges, legal constraints, or regulatory directives, the Issuer may find itself unable to meet its financial commitments to the Bondholders or other creditors. This could potentially trigger a scenario where the Group's debt obligations become due immediately, leading to creditors exercising their rights to enforce transaction security.

The Issuer considers that the probability that the abovementioned risks materialise to be medium. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Competition risks

The Group operates in the provision of home cleaning and other domestic services. This sector is characterised by its highly competitive nature, which is fuelled by the presence of a diverse array of market participants. The competitive landscape includes a broad spectrum of companies, ranging from large-scale enterprises to smaller, localised businesses. The Group operates within fragmented markets in all verticals, with few players of scale as significant investments in technology are required, which increases the barriers of entry. However, gig-economy operators could have a short-term impact, although several recent legislative changes such as DAC 7 and the Tidö Agreement (Sw. *Tidöavtalet*) has set up limits for minimum wages, as well as stricter rules when it comes to employer responsibility. Further, recent amendments to the Employment Protection Act (Sw. *lag (19982:80) om anställningsskydd*) regulations has made it more cumbersome to use short-term staff (Sw. *timanställda*), and the CRSD (Corporate Sustainability Reporting Directive) will make it even more difficult for gig players to operate.

Within the employer's association, Almega, there are also initiatives ongoing, demanding that employers, in order to be eligible for providing tax deductible cleaning, maintenance and laundry-services (Sw. *RUT-tjänster*), must prove that their employees are hired under a collective bargaining agreement.

The Issuer considers that the probability that the abovementioned risks materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be low.

Reputational risks

Reputational risks are particularly pertinent for companies operating within the home services industry. The reputation of the Group is a fragile asset that can be affected by a variety of factors, and the Group's standing in the public eye is critical to its ongoing success and ability to attract and retain customers. The home services industry is highly sensitive to consumer trust and satisfaction, as the nature of the service requires employees to enter the private homes of clients. This intimate level of service delivery necessitates a high degree of trustworthiness and professionalism from all employees. Any failure in this regard can lead to immediate and lasting damage to the Group's reputation.

The Group's reputation is heavily dependent on customer satisfaction. Negative customer experiences can quickly lead to adverse word-of-mouth, which can spread rapidly, especially in the age of social media and online review platforms. A single incident of theft, damage to property, or misconduct by an employee can result in significant reputational harm. The Group's ability to respond to such incidents, including the effectiveness of its customer service and the speed and adequacy of its resolution processes, will also impact its reputation.

The quality of service is paramount, and the Group's reputation can be significantly impacted by the consistency and excellence of the services provided. The conduct of employees is also a critical factor, as they are the face of the Group and their actions directly reflect on the Group's values and reliability. Rigorous hiring practices, thorough training programs, and strict enforcement of company policies are essential to mitigate the risk of employee misconduct. The Group must have robust crisis management and communication strategies in place to address any potential reputational issues swiftly and effectively. The ability to quickly communicate with stakeholders, including customers, employees, and the media, can help to manage and contain any negative impact on the Group's reputation.

In the fall of 2023, the Group faced a reputational risk when the labour union Kommunal ("Kommunal") issued a notice of strike (Sw. *varsel om strejk*), covering among others parts of the Group's work force, due to wage disputes. The potential strike was averted as Kommunal and employer organisation Almega Tjänsteföretagen agreed on higher wages, but the event highlighted the importance of labour relations in the industry and could have led to a reputational impact, should Kommunal have followed through with the strike. It cannot be ruled out that similar events may not occur in the future, which could have a reputational impact on the Group.

Compliance with regulatory requirements is another critical factor in managing reputational risk. The Swedish home services industry is subject to various laws and regulations, including those related to labour practices, environmental standards, and the use of chemicals and cleaning agents. Non-compliance with these regulations can lead to legal penalties, but perhaps more importantly, it can also lead to public censure and a loss of consumer confidence. Even if the Group complies with all applicable laws and regulations, they may suffer reputational damage if, for example, their workers' union gives notice of a strike. Ethical standards and corporate social responsibility practices are increasingly important to consumers. The Group's commitment to ethical labour practices, fair employment conditions, and environmental sustainability can influence public perception. Any perceived or actual deviation from these commitments can negatively affect the Group's reputation.

There is hence a risk that the Group becomes subject to negative publicity, which could have a material adverse effect on the Group's revenue, earnings and financial position. The Issuer considers that the probability that the abovementioned risks materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Risks relating to the tax deduction for home cleaning services

The Group's operations and financial performance are significantly influenced by the tax deduction for home services ("**RUT-avdrag**"), designed to encourage households to purchase certain services, including home cleaning. This deduction allows individuals to reduce their taxable income by claiming a portion of the cost of these services, effectively reducing the end cost to the consumer and stimulating demand for such services.

The RUT-avdrag is subject to the prevailing political climate and the fiscal policies of the government in power. A comprehensive tax reform could potentially alter or abolish the RUT-avdrag, which would have a direct negative impact on the Group's business model and in turn have a material adverse effect on the Group's revenue and profitability.

The demand for home services is likely highly sensitive to the availability of the RUT-avdrag. Should the tax deduction be reduced or become more restrictive, it could lead to a change in consumer behaviour, with customers potentially reducing the frequency of service usage or opting to perform cleaning tasks themselves. The existence of the RUT-avdrag has further led to a proliferation of companies in the home services industry. Any changes to the RUT-avdrag could alter the competitive dynamics, potentially leading to increased price competition or a consolidation of the market, which could negatively impact the Group's market share and margins.

The Group's cost structure is optimised based on the current level of demand stimulated by the RUT-avdrag. A reduction in demand could lead to underutilisation of resources, increased fixed costs per service, and a need to restructure operations, all of which could adversely affect the Group's financial condition.

There is hence a risk that the RUT-avdrag is altered or abolished, which could have a material adverse effect on the Group's revenue, earnings and financial position. The Issuer considers that the probability that the abovementioned risks materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be high.

Risks related to processing of personal data

In its operations, the Group routinely handles, stores, and utilises personal data. It is crucial for the Group to manage, record, and employ personal data in strict adherence to the prevailing personal data laws. The handling of personal data falls under the purview of intricate and comprehensive regulations across the European Union, and it is impossible to guarantee that the Group's data protection protocols and other measures for securing personal data will be entirely in line with all relevant laws and directives. In the event that any pertinent regulatory body finds that the Group has, at present or historically, mishandled personal data, or if there is a data breach stemming from, for instance, security flaws that result in the unauthorised spread or handling of personal data, the consequences could include, among other things, administrative fines for contravening the General Data Protection Regulation (GDPR) or other legal penalties. Violations of the GDPR could lead to administrative fines of up to the greater of EUR 20 million or 4 percent of the Group's total global annual turnover from the preceding financial year. The realisation of these risks could have a detrimental impact on the Group's operational performance, profitability, and financial condition.

The Issuer considers that the probability that the abovementioned risks materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be high.

Risks relating to labour disputes and work environment issues

The Group operates in the Swedish home services sector, which is characterised by a workforce that is highly unionised and subject to collective bargaining agreements, making it prone to labour disputes. The Group's workforce, similar to other players in the industry, is represented by unions that are vigilant in advocating for their members' rights, including wage increases and improved working conditions. The negotiation process can be complex and, if not managed effectively, may lead to work stoppages or strikes. Such labor actions can have a substantial impact on the Group's operations, potentially resulting in service disruptions, increased operational costs, and a negative impact on customer satisfaction and trust.

In addition to these concerns, the Group is also exposed to a variety of other labour-related risks. These include challenges related to staffing and matching the right employees with the appropriate services, which are critical for maintaining operational efficiency and customer satisfaction. Potential deficiencies in background checks could expose the Group to risks associated with hiring unsuitable candidates, which could lead to legal liabilities and reputational harm. Furthermore, the Group must ensure compliance with immigration laws and regulations, as deficiencies in securing proper work permits for employees could result in sanctions and legal challenges.

The sector recently experienced labour disputes, as evidenced by the notice of strike by Kommunal, which was resolved with the signing of a new collective agreement that includes wage increases and a low-wage initiative. While this agreement has temporarily alleviated tensions, the potential for future labour disputes remains a risk factor for the Group.

Moreover, the home services industry is subject to stringent work environment regulations. Compliance with these regulations is critical to avoid legal penalties and to maintain the Group's reputation as a responsible employer. Any failure to adhere to work environment laws and regulations could result in fines, legal action, and reputational damage, which in turn could affect the Group's business, financial condition, and operational results. As such, the Group faces significant risks related to labour disputes and work environment issues. The Group must navigate complex labor relations, maintain compliance with work environment regulations, and manage the associated implications on its operations and reputation. These factors could materially affect the Group's financial performance and its ability to execute its business strategy effectively.

The Issuer considers that the probability that the abovementioned risks materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be low.

Demand-related risks

The Group's business is exposed to demand-related risks, such as the cyclical nature of the industry and customer loyalty. The Group's revenue depends on the level of disposable income and consumer spending, which may be adversely affected by macroeconomic factors, such as recessions, unemployment, inflation, interest rates, taxation and changes in consumer preferences. The Group may also face increased competition from other providers of home services, which may result in price pressure, loss of market share or reduced customer retention. Although the Group has a loyal customer base and a large number of recurring customers who subscribe to its services, there is no guarantee that these customers will remain loyal or satisfied with the Group's services, or that the Group will be able to attract new customers at a sufficient rate to maintain or increase its revenue. The Group also experiences seasonal variations in demand, such as lower demand for its services during holidays. Any

decline in demand for the Group's services, or any failure to meet customer expectations or preferences, could have a material adverse effect on the Group's business, financial condition and results of operations.

The Issuer considers that the probability that the abovementioned risks materialise to be low. If the risks would materialise, the Issuer considers the potential negative impact to be medium.

Risk factors specific and material to the Bonds

Security arrangements

As continuing security for the due and punctual fulfilment of the Issuer's obligations under the Bonds, security is provided over inter alia all shares in the Issuer and each Material Group Company owned by a Group Company, any present and future Material Intragroup Loans, the Escrow Account and any Subsequent Escrow Account (each as defined in the Term Sheet). Moreover, the punctual performance of the Issuer's obligations and liabilities under the Bonds will also be guaranteed by certain members of the Group as further set out in the Term Sheet.

Each security interest and guarantee granted will be limited in scope to comply with limitations on financial assistance, capital maintenance rules or similar restrictions under applicable law. Furthermore, there is a risk that the Group does not properly fulfil its obligations in terms of perfecting or maintaining the security or the guarantees. The transaction security and the guarantees may thus not be enforceable, or only be enforceable in part, which may limit the recovery of the bondholders.

Certain security and guarantees may be granted only after the issue date or will be perfected only at a later point in time and is consequently subject to applicable hardening periods following perfection of the security and guarantees. During such periods of time, the bondholders' security position is limited. Moreover, there is a risk that the proceeds from any enforcement of the security assets or guarantees would not be sufficient to satisfy all amounts due on or in respect of the Bonds. For example, there is a risk that the security assets provide for only limited repayment of the Bonds, in part because such assets prove to be illiquid or less valuable to other persons than to the Group. There is also a risk that it will not be possible to sell the security assets in an enforcement proceeding, or, even if such sale is possible, that there will be delays in the realisation of the value of the security assets. Any amount which is not recovered in an enforcement sale or by enforcement of a guarantee will constitute a subordinated claim on the Issuer and the bondholders will normally receive payment for such claims after any priority creditors have been paid in full.

Save for the security created under the abovementioned security, the Bonds will represent unsecured obligations of the Issuer. This means that in the event of bankruptcy, reorganisation or winding-up of the Issuer, the bondholders normally receive payment after any prioritised creditors have been paid in full. Further, although the terms and conditions for the Bonds (the "**Terms and Conditions**") will impose certain restrictions on which type of guarantees and security the members of the Group may provide, there are significant exemptions from such so-called negative pledge provisions as further described in the Term Sheet.

Each investor should be aware that there is a risk that an investor in the Bonds may lose all or part of their investment if the Issuer or the Group is declared bankrupt, carries out a reorganisation or is wound-up.

The Issuer considers that the probability of the above risks occurring is low and the potential negative impact if the risks would materialise is medium.

Credit risk and refinancing risk

Investors in the Bonds assume a credit risk towards the Group. The Issuer's ability to service its debt under the Bonds and the payments to bondholders under the Terms and Conditions will be dependent on the Group's operations and financial position. The Group's operations and financial position are affected by several factors, some of which have been mentioned above. An increased credit risk may cause the market to charge the Bonds a higher risk premium, which would have an adverse effect on the

value of the Bonds. If the Group's operating income is not sufficient to service its current or future indebtedness, the Group will be forced to take actions such as reducing or delaying its business activities, acquisitions, investments or capital expenditures, selling assets, restructuring its debt or seeking additional equity capital. There is a risk that the Group will not be able to effect any of these remedies on satisfactory term or at all. Another aspect of credit risk is that a decline in the financial position of the Group may reduce the prospects of the Group to receive financing at the time of maturity of the Bonds.

The Group's ability to successfully refinance the Bonds is dependent on the conditions of the capital markets and the Group's financial position at the time such refinancing is carried out. In the event the Issuer is unable to refinance the Bonds or other outstanding debt, or if such financing can only be obtained on unfavourable terms, this could have a significant adverse effect on the Issuer's ability to repay the Bonds at maturity or upon an early redemption or repurchase of Bonds.

The Issuer considers that the probability of the above risks occurring is medium and the potential negative impact if the risks would materialise is high.

Risks related to incurrence of additional debt and shared security package

Under the Terms and Conditions, the Issuer will be permitted to maintain and incur additional debt under, among others, certain revolving credit facilities and hedging arrangements, which may mature prior to the Bonds, share security and guarantees with the Bonds and rank senior in right and priority of payment in case of an enforcement of the security or guarantees under an intercreditor agreement. Pursuant to the intercreditor agreement, any unpaid fees, costs, expenses and indemnities payable to the agents as well any outstanding amount under the revolving facilities and hedging obligations rank in priority over the bondholders. Hence, certain other secured creditors may have higher ranking right to the proceeds of an enforcement of the security or the guarantees and the bondholders' recovery from an enforcement may therefore be substantially reduced. Furthermore, although the Terms and Conditions will impose restrictions on what debt the Group may incur, there are significant exemptions and/or carve-outs thereto as described in the Term Sheet and the Group is entitled to make substantial adjustments to the calculation of the Incurrence Test (as defined in the Term Sheet) which the Group may be required to meet upon incurrence of certain new debt. Such new debt may also share security and guarantees with the Bonds under an intercreditor agreement, which could reduce the recovery for the bondholders upon enforcement.

The intercreditor agreement will also include payment block provisions, which, under certain circumstances and for certain periods of time, prohibit payment of interest and principal under the Bonds if debt ranking senior to the Bonds have been accelerated or if certain defaults have occurred under such debt. At the date hereof, the terms of the intercreditor agreement are not finally negotiated and consequently there may be risks regarding the terms of the intercreditor agreement unknown today and as otherwise not set out in the Term Sheet.

The Issuer considers that the probability of the above risks occurring is low and the potential negative impact if the risks would materialise is low.

Reliance on other Group Companies

A significant part of the Group's revenue is derived from other Group Companies than the Issuer and in order to make payments under the Bonds, the Issuer is dependent on the receipt of distributions and payments from other Group Companies. However, other Group Companies are legally separate and distinct from the Issuer and have no obligation to pay amounts due with respect to the Issuer's obligations and commitments, including the Bonds, or to make funds available for such payments. The

ability of the other Group Companies to make such payments to the Issuer is subject to, among others, the availability of funds and rules on financial assistance in the relevant jurisdictions in which such Group Companies are incorporated. Should the Issuer for any reason not receive sufficient income from other Group Companies, the investors' ability to receive payment under the Terms and Conditions may be adversely affected.

Further, in the event of insolvency, liquidation or a similar event relating to another Group Company, all creditors of such company would be entitled to payment in full out of the assets of such company before another Group Company (as shareholder), would be entitled to any payments. For example, the Terms and Conditions will allow for incurrence of certain additional financial indebtedness in other Group Companies following issuance of the Bonds and if such other Group Companies incur debt, the right to payment under the Bonds may be structurally subordinated to the right of payment relating to debt incurred by other Group Companies.

The Issuer considers that the probability of the above risks occurring is low and the potential negative impact if the risks would materialise is medium.

Interest rate risks

The value of the Bonds depends on several factors, one of the most significant over time being the level of market interest. The Bonds will bear interest at a floating rate of 3 month STIBOR plus a margin and the interest of the Bonds will be determined two business days prior to the first day of each respective interest period. Hence the interest rate is to a certain extent adjusted for changes in the level of the general interest rate. There is a risk that an increase of the general interest rate level will adversely affect the value of the Bonds. The general interest level is to a high degree affected by international development and is outside of the Group's control.

The determining interest rate benchmarks, such as STIBOR has been subject to regulatory changes such as the Benchmarks Regulation (Regulation (EU) 2016/1011 on indices used as benchmarks in financial instruments and financial contracts or to measure the performance of investment funds) (the "BMR"). The implementation of the BMR will lead to that certain previously used benchmarks, including STIBOR, may be discontinued. In accordance with the Terms and Conditions, STIBOR may be replaced following certain events, e.g. if STIBOR ceases to be administrated. Increased or altered regulatory requirements and risks associated with a replacement of STIBOR involve inherent risks, as the effects cannot be fully assessed at this point in time which could result in an adverse effect on an investment in the Bonds.

The Issuer considers that the probability of the above risks occurring is medium and the potential negative impact if the risks would materialise is low.

Risks relating to bondholders' meetings and written procedures

The Terms and Conditions will include certain provisions regarding bondholders' meetings and written procedures. Such meetings and procedures may be held in order to resolve on matters relating to the bondholders' interests. The Terms and Conditions will allow for certain majorities, subject to a quorum requirement of 20 per cent., to bind all bondholders, including bondholders who have not taken part in the meeting or procedure and those who have voted differently from the required majority in a written procedure or at a duly convened and conducted bondholders' meeting. A bondholder may, for instance, be bound by a majority's decision to accept a change of the interest rate, decision to accept a change of the final maturity date or decision to accept a change of the transaction security. Consequently, there is a risk that the actions in accordance with a bondholders' decision in such matters will impact a bondholder's rights in a manner that is undesirable for some of the bondholders.

The Issuer considers that the probability of the above risks occurring is low and the potential negative impact if the risks would materialise is medium.

Risks relating to actions against the Issuer and bondholders' representation

In accordance with the Terms and Conditions, the agent will represent all bondholders in all matters relating to the Bonds and the bondholders are prevented from taking actions on their own against the Issuer. Consequently, individual bondholders do not have the right to take legal actions to declare any default by claiming any payment from the Issuer and may therefore lack effective remedies unless and until a requisite majority of the bondholders agree to take such action. However, there is a risk that an individual bondholder, in certain situations, could bring its own action against the Issuer (in breach of the Terms and Conditions), which could negatively impact an acceleration of the Bonds or other action against the Issuer.

The Issuer considers that the probability of the above risks occurring is low and the potential negative impact if the risks would materialise is medium.

Risks relating to early redemption and put option

Under the Terms and Conditions, the Issuer will have the possibility to redeem all outstanding Bonds before the final redemption date. If the Bonds are redeemed before the final redemption date, the bondholders will have the right to receive an early redemption amount which exceeds the nominal amount. However, there is a risk that the market value of the Bonds will be higher than the early redemption amount and that it may not be possible for bondholders to reinvest such proceeds at an effective interest rate as high as the interest rate on the Bonds.

Furthermore, the Bonds are subject to repurchase at the option of each bondholder (put options) upon a Change of Control Event or Listing Failure Event (each as defined in the Term Sheet). There is a risk that the Issuer will not have sufficient funds at such time to make the required repurchase of the Bonds.

The Issuer considers that the probability of the above risks occurring is low and the potential negative impact if the risks would materialise is medium.

Liquidity risks and secondary market

Pursuant to the Terms and Conditions, the Issuer shall ensure that the Bonds are admitted to trading on Nasdaq Stockholm or another regulated market within twelve (12) months of the first issue date. Failure to do so may result in the termination and acceleration of the Bonds due to an event of default. In addition, if the Issuer fails to admit the Bonds to trading on the Open Market of the Frankfurt Stock Exchange or another MTF within sixty (60) days of the first issue date a put option in respect of the Bonds is triggered and investors holding Bonds on an investment savings account (Sw. *ISK* or *IS-konto*) will no longer be able to hold the Bonds on such account, thus affecting such investor's tax situation. There is a risk that the Bonds will not be admitted to trading within the stipulated timeframes, or at all.

Even if the Bonds are admitted to trading, active trading in the securities may not always occur and thus, there can be no assurance that a liquid market for trading in the Bonds will exist or be maintained. If a liquid market for trading in the Bonds does not exist or cannot be maintained, for example due to severe price fluctuations, trading restrictions or a complete shutdown of the relevant market, it may lead to bondholders being unable to sell their Bonds when desired or at a price level which allows for a profit comparable to similar investments with an active and functioning secondary market, or can only sell their Bonds at a loss. Consequently, lack of liquidity in the market may have a negative impact on the market value of the Bonds.

It should also be noted that during a given time period it may be difficult or impossible to sell the Bonds (at all or at reasonable terms) due to e.g. severe price fluctuations, close down of the relevant market or trade restrictions imposed on the market.

The Issuer considers that the probability of the above risks occurring is low and the potential negative impact if the risks would materialise is medium.

Business and operations

The Group's operations are primarily focused on three key business segments: cleaning, appliances, and flex work.

Cleaning

The recurring home services segment is the largest vertical within the Group, primarily driven by the operations of Hemfrid i Sverige AB. Hemfrid i Sverige AB offers subscription-based home cleaning services tailored to each customer's needs, including one-off services such as window cleaning and moving cleaning. The Group's subscription plans allow customers to switch between different services, providing flexibility and convenience. This segment also includes additional services such as gardening and handyman services, catering to both private homeowners and corporate clients.

Appliances

The white appliances maintenance segment focuses on the installation, repair, and maintenance of household appliances such as fridges, dishwashers, washing machines, heat pumps, ventilation systems, and robotic lawnmowers. The majority of the services in this segment are performed under warranty or framework agreements, ensuring a stable and resilient business model. The acquisition of Servly Group AB in 2023 bolstered the Group's capabilities in this area, making it one of the largest providers of white appliances services in Sweden. This segment benefits from the increasing focus on sustainability and the circular economy, as well as the shift from replacement to repair of household appliances. The end customers are mostly household residents either through direct invoicing or indirectly through invoicing e.g., to real estate owners.

Flex work

The flex work segment is primarily driven by the operations of Veterankraft AB, a company specializing in hiring seniors on flexible contracts to perform a wide range of services. These services include gardening, cleaning, snow shovelling, carpentry, handyman services, office administration, and facility management. The service is flexible and can be provided on a recurring or one-off basis. The customer base in this segment includes private homeowners, condominium associations, corporates and public sector organisations.

- 15.2.3 If, and only if, the Incurrence Test is tested in connection with incurrence of Financial Indebtedness to be used for an acquisition, the Net Leverage Ratio may be calculated for the target group only on a stand-alone basis including the new Financial Indebtedness incurred by the Group for the purpose of financing the acquisition.
- 15.2.4 The calculation of the Net Leverage Ratio shall be made as per a testing date determined by the Issuer, falling no more than three (3) months prior to:
 - (a) the incurrence of the new Financial Indebtedness or the signing of a binding agreement relating to an acquisition if it relates to Financial Indebtedness to be used to finance such acquisition;

 - (b) any entity to be acquired with the proceeds from new Financial Indebtedness shall be included, *pro forma*, for the entire Reference Period; and

- (c) the *pro forma* calculation of EBITDA takes into account net cost savings and other reasonable cost reduction synergies as a result of acquisitions and/or disposals of entities referred to in (a) and (b), which has been certified, based on reasonable assumptions, by the chief financial officer of the Group, in any financial year in aggregate not exceeding ten (10) per cent. of EBITDA, for the avoidance of doubt after any adjustment made pursuant to the definition of EBITDA, (including all acquisitions made during the relevant financial year), as the case may be, and which the Issuer reasonably believes are realisable by the Group within eighteen (18) months from the acquisition.
- 15.4.2 The figures for Net Interest Bearing Debt on the relevant test date shall be used for the Incurrence Test but shall be (without double counting):
- (a) increased on a *pro forma* basis to include an amount equal to the new interest bearing Financial Indebtedness in respect of which the Incurrence Test is applied and any Net Interest Bearing Debt (or decreased if such amount is negative) owed by any entity to be acquired with such interest bearing Financial Indebtedness or committed to be borrowed by any such entity prior to or in connection with the incurrence of the Financial Indebtedness in respect of which the Incurrence Test is applied; and
 - (b) decreased on a *pro forma* basis to include any cash injected in the form of unconditional equity or Subordinated Loans after the relevant test date and exclude any interest bearing Financial Indebtedness to the extent it will be refinanced with the new Financial Indebtedness in respect of which the Incurrence Test is applied or otherwise committed to be repaid by any entity to be acquired with Financial Indebtedness in respect of which the Incurrence Test is applied prior to or in connection with the incurrence of such Financial Indebtedness,
- however, any cash balance resulting from the incurrence of the new Financial Indebtedness shall not reduce Net Interest Bearing Debt, unless applied for refinancing of debt in accordance with the adjustments above.

- (b) obtain, maintain, and comply with, the terms and conditions of any authorisation, approval, licence, registration or other permit required for the business carried out by a Group Company,

in each case, if failure to do so has or is reasonably likely to have a Material Adverse Effect.

17 TERMINATION OF THE BONDS

Each of the events or circumstances set out in this Clause 17 is an Event of Default (save for Clause 17.9 (*Termination*) and Clause 17.10 (*Distribution of proceeds*)).

17.1 Non-payment

The Issuer or any Guarantor fails to pay an amount on the date it is due in accordance with the Finance Documents unless its failure to pay is due to a technical or administrative error and is remedied within five (5) Business Days of the due date.

17.2 Other obligations

A party (other than the Agent or any other Secured Party) does not comply with its obligations under the Finance Documents, including failing to comply with the Maintenance Test, in any other way than as set out in Clause 17.1 above, unless such failure is (i) capable of being remedied, and (ii) remedied within fifteen (15) Business Days from the earlier of the Agent giving notice and such party becoming aware of the non-compliance (if the failure or violation is not capable of being remedied, the Agent may declare the Bonds due and payable without such prior written request).

17.3 Cross payment default and cross-acceleration

Any Financial Indebtedness of a Group Company is not paid when due nor within any originally applicable grace period, or is declared to be or otherwise becomes due and payable prior to its specified maturity as a result of an event of default (however described), provided that no Event of Default will occur under this Clause 17.3 if the aggregate amount of Financial Indebtedness that has fallen due is less than SEK 20,000,000 (or the equivalent in

any other currency) and provided that it does not apply to any Financial Indebtedness owed to a Group Company.

17.4 Insolvency

- (a) Any Material Group Company is unable or admits inability to pay its debts as they fall due or is declared to be unable to pay its debts under applicable law, suspends making payments on its debts generally or, by reason of actual or anticipated financial difficulties, commences negotiations with its creditors generally (except for Bondholders) with a view to rescheduling its Financial Indebtedness; or
- (b) a moratorium is declared in respect of the Financial Indebtedness of any Material Group Company.

17.5 Insolvency proceedings

Any corporate action, legal proceedings or other procedures are taken (other than (i) proceedings or petitions which are being disputed in good faith and are discharged, stayed or dismissed within sixty (60) calendar days of commencement or, if earlier, the date on which it is advertised, and (ii), in relation to Subsidiaries, solvent liquidations) in relation to:

- (a) the suspension of payments, winding-up, dissolution, administration or reorganisation (Sw. *företagsrekonstruktion*) (by way of voluntary agreement, scheme of arrangement or otherwise) of any Material Group Company; and
- (b) the appointment of a liquidator, receiver, administrator, administrative receiver, compulsory manager or other similar officer in respect of any Material Group Company or any of its assets or any analogous procedure or step is taken in any jurisdiction.

17.6 Creditors' process

Any expropriation, attachment, sequestration, distress or execution or any analogous process in any jurisdiction affects any asset or assets of any Material Group Company having an aggregate value equal to or exceeding SEK 20,000,000 (or the equivalent in any other currency) and is not discharged within sixty (60) calendar days or any security over any assets of a Material Group Company is enforced.

17.7 Impossibility or illegality

It is or becomes impossible or unlawful for the Issuer to fulfil or perform any of the provisions of the Finance Documents or if the obligations under the Finance Documents are not, or cease to be, legal, valid, binding and enforceable.

17.8 Continuation of the business

The Issuer ceases to carry on its business or any other Group Company ceases to carry on its business and such discontinuation is likely to have a Material Adverse Effect.

17.9 Termination

- 17.9.1 Subject to the terms of the Intercreditor Agreement (if entered into), if an Event of Default has occurred and is continuing, the Agent is entitled to, and shall following a demand in writing from a Bondholder (or Bondholders) representing at least fifty (50.00) per cent. of the Adjusted Nominal Amount (such demand shall, if made by several Bondholders, be made by them jointly) or following an instruction or decision pursuant to Clause 17.9.3 or 17.9.5,

- on behalf of the Bondholders, by notice to the Issuer terminate the Bonds and to declare all, but not some only, of the Bonds due for payment immediately or at such later date as the Agent determines (such later date not falling later than twenty (20) Business Days from the date on which the Agent made such declaration) and exercise any or all of its rights, remedies, powers and discretions under the Finance Documents.
- 17.9.2 The Agent may not terminate the Bonds in accordance with Clause 17.9.1 by reference to a specific Event of Default if it is no longer continuing or if it has been decided, in accordance with these Terms and Conditions, to waive such Event of Default (temporarily or permanently). However, if a moratorium occurs, the ending of that moratorium will not prevent termination for payment prematurely on the grounds mentioned under Clause 17.9.1.
- 17.9.3 The Agent shall notify the Bondholders of an Event of Default within five (5) Business Days of the date on which the Agent received notice of or gained actual knowledge of that an Event of Default has occurred and is continuing. Notwithstanding the aforesaid, the Agent may postpone a notification of an Event of Default (other than in relation to Clause 17.1 (*Non-payment*)) up until the time stipulated in Clause 17.9.4 for as long as, in the reasonable opinion of the Agent such postponement is in the interests of the Bondholders as a group. The Agent shall always be entitled to take the time necessary to determine whether an event constitutes an Event of Default.
- 17.9.4 The Agent shall, within twenty (20) Business Days of the date on which the Agent received notice of or otherwise gained actual knowledge of that an Event of Default has occurred and is continuing, decide if the Bonds shall be so accelerated. If the Agent has decided not to terminate the Bonds, the Agent shall, at the earliest possible date, notify the Bondholders that there exists a right of termination and obtain instructions from the Bondholders according to the provisions in Clause 18 (*Decisions by Bondholders*). If the Bondholders vote in favour of termination and instruct the Agent to terminate the Bonds, the Agent shall promptly declare the Bonds terminated. However, if the cause for termination according to the Agent's appraisal has ceased before the termination, the Agent shall not terminate the Bonds. The Agent shall in such case, at the earliest possible date, notify the Bondholders that the cause for termination has ceased. The Agent shall always be entitled to take the time necessary to consider whether an occurred event constitutes an Event of Default.
- 17.9.5 If the Bondholders, without any prior initiative to decision from the Agent or the Issuer, have made a decision regarding termination in accordance with Clause 18 (*Decisions by Bondholders*), the Agent shall promptly declare the Bonds terminated. The Agent is however not liable to take action if the Agent considers cause for termination not to be at hand, unless the instructing Bondholders agree in writing to indemnify and hold the Agent harmless from any loss or liability and, if requested by the Agent in its discretion, grant sufficient security for such indemnity.
- 17.9.6 If the Bonds are declared due and payable in accordance with the provisions in this Clause 17, the Agent shall promptly declare the Bonds due and payable and take such actions as may, in the opinion of the Agent, be necessary or desirable to enforce the rights of the Bondholders under the Finance Documents, unless the relevant Event of Default is no longer continuing.
- 17.9.7 If the right to terminate the Bonds is based upon a decision of a court of law, an arbitral tribunal or a government authority, it is not necessary that the decision has become enforceable under any applicable regulation or that the period of appeal has expired in order for cause of termination to be deemed to exist.

17.9.8 For the avoidance of doubt, the Bonds cannot be terminated and become due for payment prematurely according to this Clause 17 without relevant decision by the Agent or following instructions from the Bondholders' pursuant to Clause 18 (*Decisions by Bondholders*).

17.9.9 If the Bonds are declared due and payable in accordance with this Clause 17, the Issuer shall redeem all Bonds with an amount per Bond together with a premium on the due and payable amount as set forth in the definition of Call Option Amount for the relevant period, and shall up until the First Call Date be at the price set out in paragraph (b) of the definition of Call Option Amount (plus accrued and unpaid Interest).

17.10 Distribution of proceeds

17.10.1 If the Bonds have been declared due and payable in accordance with this Clause 17, all payments by the Issuer or any Guarantor relating to the Bonds and any proceeds received from an enforcement of any Transaction Security shall be made and/or distributed in accordance with the Intercreditor Agreement (if any) and shall, prior to the entering into of an Intercreditor Agreement, be made and/or distributed in the following order of priority:

- (a) *firstly*, in or towards payment *pro rata* of (i) all unpaid fees, costs, expenses and indemnities payable by the Issuer to the Agent (in its capacity as Agent or Security Agent) in accordance with the Finance Documents, (ii) other costs, expenses and indemnities relating to the acceleration of the Bonds, the enforcement of the Transaction Security or the protection of the Bondholders' rights as may have been incurred by the Agent, (iii) any non-reimbursed costs incurred by the Agent for external experts, and (iv) any non-reimbursed costs and expenses incurred by the Agent in relation to a Bondholders' Meeting or a Written Procedure;
- (b) *secondly*, in or towards payment *pro rata* of accrued but unpaid interest under the Bonds (interest due on an earlier Interest Payment Date to be paid before any interest due on a later Interest Payment Date);
- (c) *thirdly*, in or towards payment *pro rata* of any unpaid principal under the Bonds; and
- (d) *fourthly*, in or towards payment *pro rata* of any other costs or outstanding amounts under and in respect of the Bonds and the Finance Documents.

Any excess funds after the application of proceeds in accordance with (a) to (d) above shall be paid to the Issuer.

17.10.2 If a Bondholder or another party has paid any fees, costs, expenses or indemnities referred to in Clause 17.10.1, such Bondholder or other party shall be entitled to reimbursement by way of a corresponding distribution in accordance with Clause 17.10.1.

17.10.3 Funds that the Agent receives (directly or indirectly) in connection with the termination of the Bonds constitute escrow funds (Sw. *redovisningsmedel*) according to the Escrow Funds Act (Sw. *lag (1944:181) om redovisningsmedel*) and must be held on a separate bank account on behalf of the Bondholders and the other interested parties. The Agent shall arrange for payments of such funds in accordance with this Clause 17.10 as soon as reasonably practicable.

17.10.4 If the Issuer, any Guarantor or the Agent shall make any payment under this Clause 17.10, the Issuer or the Agent, as applicable, shall notify the Bondholders of any such payment at least ten (10) Business Days before the payment is made. Such notice shall specify the Record Date, the payment date and the amount to be paid. Notwithstanding the foregoing, for any Interest due but unpaid the Record Date specified in Clause 10.1 shall apply.

18 DECISIONS BY BONDHOLDERS

18.1 Request for a decision

- 18.1.1 A request by the Agent for a decision by the Bondholders on a matter relating to these Terms and Conditions shall (at the option of the Agent) be dealt with at a Bondholders' Meeting or by way of a Written Procedure.
- 18.1.2 Any request from the Issuer or a Bondholder (or Bondholders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount (such request shall, if made by several Bondholders, be made by them jointly) for a decision by the Bondholders on a matter relating to these Terms and Conditions shall be directed to the Agent and dealt with at a Bondholders' Meeting or by way of a Written Procedure, as determined by the Agent. The Person requesting the decision may suggest the form for decision making, but if it is in the Agent's opinion more appropriate that a matter is dealt with at a Bondholders' Meeting than by way of a Written Procedure, it shall be dealt with at a Bondholders' Meeting.
- 18.1.3 The Agent may refrain from convening a Bondholders' Meeting or instigating a Written Procedure if the suggested decision must be approved by any Person in addition to the Bondholders and such Person has informed the Agent that an approval will not be given or the suggested decision is not in accordance with applicable regulations.
- 18.1.4 The Agent shall not be responsible for the content of a notice for a Bondholders' Meeting or a communication regarding a Written Procedure unless and to the extent it contains information provided by the Agent.
- 18.1.5 Should the Agent not convene a Bondholders' Meeting or instigate a Written Procedure in accordance with these Terms and Conditions, without Clause 18.1.3 being applicable, the Person requesting a decision by the Bondholders may convene such Bondholders' Meeting or instigate such Written Procedure, as the case may be, itself. If the requesting Person is a Bondholder, the Issuer shall upon request from such Bondholder provide the Bondholder with necessary information from the Debt Register in order to convene and hold the Bondholders' Meeting or instigate and carry out the Written Procedure, as the case may be. If no Person has been appointed by the Agent to open the Bondholders' Meeting, the meeting shall be opened by a Person appointed by the requesting Person.
- 18.1.6 Should the Issuer want to replace the Agent, it may convene a Bondholders' Meeting in accordance with Clause 18.2.1 or instigate a Written Procedure by sending communication in accordance with Clause 18.3.1. After a request from the Bondholders pursuant to Clause 21.4.3, the Issuer shall no later than five (5) Business Days after receipt of such request (or such later date as may be necessary for technical or administrative reasons) convene a Bondholders' Meeting in accordance with Clause 18.2.1. The Issuer shall inform the Agent before a notice for a Bondholders' Meeting or communication relating to a Written Procedure where the Agent is proposed to be replaced is sent and supply to the Agent a copy of the dispatched notice or communication.

18.2 Bondholders' Meeting

19 AMENDMENTS AND WAIVERS

- 19.1 The Issuer and the Agent (acting on behalf of the Bondholders) may agree in writing to amend the Finance Documents or waive any provision in the Finance Documents, provided that the Agent is satisfied that such amendment or waiver:

20.1 General

- 20.1.1 Any determination or election to be made by an Independent Adviser, the Issuer or the Bondholders in accordance with the provisions of this Clause 20 shall at all times be made by such Independent Adviser, the Issuer or the Bondholders (as applicable) acting in good faith, in a commercially reasonable manner and by reference to relevant market data.
- 20.1.2 If a Base Rate Event has occurred, this Clause 20 shall take precedent over the fallbacks set out in paragraph (b) to (d) of the definition of STIBOR.

20.2 Definitions

- 20.2.1 In this Clause 20:

“Adjustment Spread” means a spread (which may be positive, negative or zero) or a formula or methodology for calculating a spread, or a combination thereof to be applied to a Successor Base Rate and that is:

- (a) formally recommended by any Relevant Nominating Body in relation to the replacement of the Base Rate; or
- (b) if (a) is not applicable, the adjustment spread that the Independent Adviser determines is reasonable to use in order to eliminate, to the extent possible, any transfer of economic value from one party to another as a result of a replacement of the Base Rate and is customarily applied in comparable debt capital market transactions.

“Base Rate Amendments” has the meaning set forth in Clause 20.3.4.

“Base Rate Event” means one or several of the following circumstances:

- (a) the Base Rate (for the relevant Interest Period) has ceased to exist or ceased to be published for at least five (5) consecutive Business Days as a result of the Base Rate (for the relevant Interest Period) ceasing to be calculated or administered;
- (b) a public statement or publication of information by (i) the supervisor of the Base Rate Administrator or (ii) the Base Rate Administrator that the Base Rate Administrator ceases to provide the applicable Base Rate (for the relevant Interest Period) permanently or indefinitely and, at the time of the statement or publication, no successor administrator has been appointed or is expected to be appointed to continue to provide the Base Rate;
- (c) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator that the Base Rate (for the relevant Interest Period) is no longer representative of the underlying market which the Base Rate is intended to represent and the representativeness of the Base Rate will not be restored in the opinion of the supervisor of the Base Rate Administrator;
- (d) a public statement or publication of information in each case by the supervisor of the Base Rate Administrator with the consequence that it is unlawful for the Issuer or the Issuing Agent to calculate any payments due to be made to any Bondholder using the applicable Base Rate (for the relevant Interest Period) or it has otherwise become prohibited to use the applicable Base Rate (for the relevant Interest Period);
- (e) a public statement or publication of information in each case by the bankruptcy agent of the Base Rate Administrator or by the agent under the bank recovery and resolution framework (Sw. *krishanteringsregelverket*) containing the information referred to in (b) above; or
- (f) a Base Rate Event Announcement has been made and the announced Base Rate Event as set out in (b) to (e) above will occur within six (6) months.

“Base Rate Event Announcement” means a public statement or published information as set out in paragraph (b) to (e) of the definition of Base Rate Event that any event or circumstance specified therein will occur.

“Independent Adviser” means an independent financial institution or adviser of repute in the debt capital markets where the Base Rate is commonly used.

“Relevant Nominating Body” means, subject to applicable law, firstly any relevant supervisory authority, secondly any applicable central bank, or any working group or committee of any of them, or thirdly the Financial Stability Council (Sw. *Finansiella stabilitetsrådet*) or any part thereof.

“Successor Base Rate” means:

- (a) a screen or benchmark rate, including the methodology for calculating term structure and calculation methods in respect of debt instruments with similar interest rate terms as the Bonds, which is formally recommended as a successor to or replacement of the Base Rate by a Relevant Nominating Body; or
- (b) if there is no such rate as described in paragraph (a), such other rate as the Independent Adviser determines is most comparable to the Base Rate.

For the avoidance of doubt, in the event that a Successor Base Rate ceases to exist, this definition shall apply *mutatis mutandis* to such new Successor Base Rate.

20.3 Determination of Base Rate, Adjustment Spread and Base Rate Amendments

- 20.3.1 Without prejudice to Clause 20.3.2, upon a Base Rate Event Announcement, the Issuer may, if it is possible to determine a Successor Base Rate at such point of time, at any time before the occurrence of the relevant Base Rate Event at the Issuer’s expense appoint an Independent Adviser to initiate the procedure to determine a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating and finally deciding the applicable Base Rate. For the avoidance of doubt, the Issuer will not be obliged to take any such actions until obliged to do so pursuant to Clause 20.3.2.
- 20.3.2 If a Base Rate Event has occurred, the Issuer shall use all commercially reasonable endeavours to, as soon as reasonably practicable and at the Issuer’s expense, appoint an Independent Adviser to initiate the procedure to determine, as soon as commercially reasonable, a Successor Base Rate, the Adjustment Spread and any Base Rate Amendments for purposes of determining, calculating, and finally deciding the applicable Base Rate.
- 20.3.3 If the Issuer fails to appoint an Independent Adviser in accordance with Clause 20.3.2, the Bondholders shall, if so decided at a Bondholders’ Meeting or by way of Written Procedure, be entitled to appoint an Independent Adviser (at the Issuer’s expense) for the purposes set forth in Clause 20.3.2. If an Event of Default has occurred and is continuing, or if the Issuer fails to carry out any other actions set forth in Clause 20.3 to 20.6, the Agent (acting on the instructions of the Bondholders) may to the extent necessary effectuate any Base Rate Amendments without the Issuer’s cooperation.
- 20.3.4 The Independent Adviser shall also initiate the procedure to determine any technical, administrative or operational changes required to ensure the proper operation of a Successor Base Rate or to reflect the adoption of such Successor Base Rate in a manner substantially consistent with market practice (**“Base Rate Amendments”**).
- 20.3.5 Provided that a Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments have been finally decided no later than prior to the relevant Quotation Day in relation to the next succeeding Interest Period, they shall become effective with effect from and including the commencement of the next succeeding Interest Period, always subject to any technical limitations of the CSD and any calculations methods applicable to such Successor Base Rate.

20.4 Interim measures

- 20.4.1 If a Base Rate Event set out in any of the paragraphs (a) to (e) of the Base Rate Event definition has occurred but no Successor Base Rate and Adjustment Spread have been finally decided prior to the relevant Quotation Day in relation to the next succeeding Interest Period or if such Successor Base Rate and Adjustment Spread have been finally decided but due to

technical limitations of the CSD, cannot be applied in relation to the relevant Quotation Day, the Interest Rate applicable to the next succeeding Interest Period shall be:

- (a) if the previous Base Rate is available, determined pursuant to the terms that would apply to the determination of the Base Rate as if no Base Rate Event had occurred; or
- (b) if the previous Base Rate is no longer available or cannot be used in accordance with applicable law or regulation, equal to the Interest Rate determined for the immediately preceding Interest Period.

20.4.2 For the avoidance of doubt, Clause 20.4.1 shall apply only to the relevant next succeeding Interest Period and any subsequent Interest Periods are subject to the subsequent operation of, and to adjustments as provided in, this Clause 20. This will however not limit the application of Clause 20.4.1 for any subsequent Interest Periods, should all relevant actions provided in this Clause 20 have been taken, but without success.

20.5 Notices etc.

Prior to the Successor Base Rate, the applicable Adjustment Spread and any Base Rate Amendments become effective the Issuer shall promptly, following the final decision by the Independent Adviser of any Successor Base Rate, Adjustment Spread and any Base Rate Amendments, give notice thereof to the Agent, the Issuing Agent and the Bondholders in accordance with Clause 26 (*Notices and press releases*) and the CSD. The notice shall also include information about the effective date of the amendments. If the Bonds are admitted to trading on a stock exchange, the Issuer shall also give notice of the amendments to the relevant stock exchange.

20.6 Variation upon replacement of Base Rate

20.6.1 No later than giving the Agent notice pursuant to Clause 20.5, the Issuer shall deliver to the Agent a certificate signed by the Independent Adviser and the CEO, CFO or any other duly authorised signatory of the Issuer (subject to Clause 20.3.3) confirming the relevant Successor Base Rate, the Adjustment Spread and any Base Rate Amendments, in each case as determined and decided in accordance with the provisions of this Clause 20. The Successor Base Rate the Adjustment Spread and any Base Rate Amendments (as applicable) specified in such certificate will, in the absence of manifest error or bad faith in any decision, be binding on the Issuer, the Agent, the Issuing Agent and the Bondholders.

20.6.2 Subject to receipt by the Agent of the certificate referred to in Clause 20.6.1, the Issuer and the Agent shall, at the request and expense of the Issuer, without the requirement for any consent or approval of the Bondholders, without undue delay effect such amendments to the Finance Documents as may be required by the Issuer in order to give effect to this Clause 20.

20.6.3 The Agent and the Issuing Agent shall always be entitled to consult with external experts prior to amendments are effected pursuant to this Clause 20. Neither the Agent nor the Issuing Agent shall be obliged to concur if in the reasonable opinion of the Agent or the Issuing Agent (as applicable), doing so would impose more onerous obligations upon it or expose it to any additional duties, responsibilities or liabilities or reduce or amend the protective provisions afforded to the Agent or the Issuing Agent in the Finance Documents.

20.7 Limitation of liability for the Independent Adviser

Any Independent Adviser appointed pursuant to Clause 20.3 shall not be liable whatsoever for damage or loss caused by any determination, action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or

wilful misconduct. The Independent Adviser shall never be responsible for indirect or consequential loss.

By acquiring Bonds, each subsequent Bondholder confirms such appointment and authorisation for the Agent to act on its behalf.
- 21.1.2 Each Bondholder shall immediately upon request provide the Agent with any such documents, including a written power of attorney (in form and substance satisfactory to the Agent), as the Agent deems necessary for the purpose of exercising its rights and/or carrying out its duties under the Finance Documents. The Agent is under no obligation to represent a Bondholder which does not comply with such request.

- 21.1.4 The Agent is entitled to fees for all its work in such capacity and to be indemnified for costs, losses and liabilities on the terms set out in the Finance Documents and the Agency Agreement and the Agent's obligations as Agent under the Finance Documents are conditioned upon the due payment of such fees and indemnifications.

- 21.2.4 The Agent shall treat all Bondholders equally and, when acting pursuant to the Finance Documents, act with regard only to the interests of the Bondholders as a group and shall not

21.2.5 The Agent is always entitled to delegate its duties to other professional parties and to engage external experts when carrying out its duties as agent, without having to first obtain any consent from the Bondholders or the Issuer. The Agent shall however remain liable for any actions of such parties if such parties are performing duties of the Agent under the Finance Documents.

21.2.9 The Agent shall:

- (a) review each Compliance Certificate delivered to it to determine that it meets the requirements set out herein and as otherwise agreed between the Issuer and the Agent; and

- (b) verify that the Issuer according to its reporting in the Compliance Certificate meets the relevant financial covenant(s) or tests.

The Issuer shall promptly upon request provide the Agent with such information as the Agent reasonably considers necessary for the purpose of being able to comply with this Clause 21.2.9.

- 21.2.10 Notwithstanding any other provision of the Finance Documents to the contrary, the Agent is not obliged to do or omit to do anything if it would or might in its reasonable opinion constitute a breach of any regulation.
- 21.2.11 If in the Agent's reasonable opinion the cost, loss or liability which it may incur (including reasonable fees to the Agent) in complying with instructions of the Bondholders, or taking any action at its own initiative, will not be covered by the Issuer, the Agent may refrain from acting in accordance with such instructions, or taking such action, until it has received such funding or indemnities (or adequate security has been provided therefore) as it may reasonably require.
- 21.2.12 The Agent shall give a notice to the Bondholders before it ceases to perform its obligations under the Finance Documents by reason of the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or if it refrains from acting for any reason described in Clause 21.2.11.

21.3 Limited liability for the Agent

- 21.3.1 The Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its negligence or wilful misconduct. The Agent shall never be responsible for indirect or consequential loss.
- 21.3.2 The Agent shall not be considered to have acted negligently if it has acted in accordance with advice from or opinions of reputable external experts provided to the Agent or if the Agent has acted with reasonable care in a situation when the Agent considers that it is detrimental to the interests of the Bondholders to delay the action in order to first obtain instructions from the Bondholders.
- 21.3.3 The Agent shall not be liable for any delay (or any related consequences) in crediting an account with an amount required pursuant to the Finance Documents to be paid by the Agent to the Bondholders, provided that the Agent has taken all necessary steps as soon as reasonably practicable to comply with the regulations or operating procedures of any recognised clearing or settlement system used by the Agent for that purpose.
- 21.3.4 The Agent shall have no liability to the Issuer or the Bondholders for damage caused by the Agent acting in accordance with instructions of the Bondholders given in accordance with the Finance Documents.

- 21.4.1 Subject to Clause 21.4.6, the Agent may resign by giving notice to the Issuer and the Bondholders, in which case the Bondholders shall appoint a successor Agent at a

- Bondholders' Meeting convened by the retiring Agent or by way of Written Procedure initiated by the retiring Agent.
- 21.4.2 Subject to Clause 21.4.6, if the Agent is insolvent or becomes subject to bankruptcy proceedings, the Agent shall be deemed to resign as Agent and the Issuer shall within ten (10) Business Days appoint a successor Agent which shall be an independent financial institution or other reputable company which regularly acts as agent under debt issuances.
- 21.4.3 A Bondholder (or Bondholders) representing at least ten (10.00) per cent. of the Adjusted Nominal Amount may, by notice to the Issuer (such notice shall, if given by several Bondholders, be given by them jointly), require that a Bondholders' Meeting is held for the purpose of dismissing the Agent and appointing a new Agent. The Issuer may, at a Bondholders' Meeting convened by it or by way of Written Procedure initiated by it, propose to the Bondholders that the Agent be dismissed and a new Agent appointed.
- 21.4.4 If the Bondholders have not appointed a successor Agent within ninety (90) days after:
- (a) the earlier of the notice of resignation was given or the resignation otherwise took place; or
 - (b) the Agent was dismissed through a decision by the Bondholders, the Issuer shall within thirty (30) days thereafter appoint a successor Agent which shall be an independent financial institution or other reputable company with the necessary resources to act as agent in respect of Market Loans.
- 21.4.5 The retiring Agent shall, at its own cost, make available to the successor Agent such documents and records and provide such assistance as the successor Agent may reasonably request for the purposes of performing its functions as Agent under the Finance Documents.

 - (b) the period pursuant to paragraph (b) of Clause 21.4.4.
- 21.4.7 Upon the appointment of a successor, the retiring Agent shall be discharged from any further obligation in respect of the Finance Documents but shall remain entitled to the benefit of the Finance Documents and remain liable under the Finance Documents in respect of any action which it took or failed to take whilst acting as Agent. Its successor, the Issuer and each of the Bondholders shall have the same rights and obligations amongst themselves under the Finance Documents as they would have had if such successor had been the original Agent.
- 21.4.8 In the event that there is a change of the Agent in accordance with this Clause 21.4, the Issuer shall execute such documents and take such actions as the new Agent may reasonably require for the purpose of vesting in such new Agent the rights, powers and obligation of the Agent and releasing the retiring Agent from its further obligations under the Finance Documents and the Agency Agreement. Unless the Issuer and the new Agent agree otherwise, the new Agent shall be entitled to the same fees and the same indemnities as the retiring Agent.

22 THE ISSUING AGENT

- 22.1 The Issuer shall when necessary appoint an Issuing Agent to manage certain specified tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to and/or issued by the CSD and relating to the Bonds.
- 22.2 The Issuer shall ensure that the Issuing Agent enters into agreements with the CSD, and comply with such agreement and the CSD regulations applicable to the Issuing Agent, as may be necessary in order for the Issuing Agent to carry out its duties relating to the Bonds.
- 22.3 The Issuing Agent will not be liable to the Bondholders for damage or loss caused by any action taken or omitted by it under or in connection with any Finance Document, unless directly caused by its gross negligence or wilful misconduct. The Issuing Agent shall never be responsible for indirect or consequential loss.
- 22.4 The Issuing Agent may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has approved that a commercial bank or securities institution approved by the CSD accedes as new Issuing Agent at the same time as the old Issuing Agent retires or is dismissed. If the Issuing Agent is insolvent, the Issuer shall immediately appoint a new Issuing Agent, which shall replace the old Issuing Agent as issuing agent in accordance with these Terms and Conditions.

23 THE CSD

- 23.1 The Issuer has appointed the CSD to manage certain tasks under these Terms and Conditions and in accordance with the legislation, rules and regulations applicable to the CSD. The Issuing Agent shall be a commercial bank or securities institution approved by the CSD.
- 23.2 The CSD may retire from its assignment or be dismissed by the Issuer, provided that the Issuer has effectively appointed a replacement CSD that accedes as CSD at the same time as the old CSD retires or is dismissed and provided also that the replacement does not have a negative effect on any Bondholder or the admission to trading of the Bonds on the corporate bond list of Nasdaq Stockholm (or any other Regulated Market, as applicable). The replacing CSD must be authorised to professionally conduct clearing operations pursuant to the Swedish Securities Market Act (*Sw. lag (2007:528) om värdepappersmarknaden*) and be authorised as a central securities depository in accordance with the Financial Instruments Accounts Act.

24 NO DIRECT ACTIONS BY BONDHOLDERS

- 24.1 A Bondholder may not take any action or legal steps whatsoever against any Group Company to enforce or recover any amount due or owing to it pursuant to the Finance Documents, or to initiate, support or procure the winding-up, dissolution, liquidation, company reorganisation (*Sw. företagsrekonstruktion*) or bankruptcy (*Sw. konkurs*) (or their equivalents in any other jurisdiction) of any Group Company in relation to any of the liabilities of such Group Company under the Finance Documents. Such steps may only be taken by the Agent.
- 24.2 Clause 24.1 shall not apply if the Agent has been instructed by the Bondholders in accordance with the Finance Documents to take certain actions but fails for any reason to take, or is unable to take (for any reason other than a failure by a Bondholder to provide documents in accordance with Clause 21.1.2), such actions within a reasonable period of

time and such failure or inability is continuing. However, if the failure to take certain actions is caused by the non-payment by the Issuer of any fee or indemnity due to the Agent under the Finance Documents or the Agency Agreement or by any reason described in Clause 21.2.11, such failure must continue for at least forty (40) Business Days after notice pursuant to Clause 21.2.12 before a Bondholder may take any action referred to in Clause 24.1.

- 24.3 The provisions of Clause 24.1 shall not in any way limit an individual Bondholder's right to claim and enforce payments which are due to it under Clause 12.4 (*Mandatory repurchase due to a Change of Control or Listing Failure Event (put option)*) or other payments which are due by the Issuer to some but not all Bondholders.

25 TIME-BAR

- 25.1 The right to receive repayment of the principal of the Bonds shall be time-barred and become void ten (10) years from the relevant Redemption Date. The right to receive payment of interest (excluding any capitalised interest) shall be time-barred and become void three (3) years from the relevant due date for payment. The Issuer is entitled to any funds set aside for payments in respect of which the Bondholders' right to receive payment has been time-barred and has become void.
- 25.2 If a limitation period is duly interrupted in accordance with the Swedish Act on Limitations (Sw. *preskriptionslag (1981:130)*), a new limitation period of ten (10) years with respect to the right to receive repayment of the principal of the Bonds, and of three (3) years with respect to the right to receive payment of interest (excluding capitalised interest) will commence, in both cases calculated from the date of interruption of the time-bar period, as such date is determined pursuant to the provisions of the Swedish Act on Limitations.

If the Issuer does not promptly issue a press release and the Agent considers it necessary to issue a press release containing such information before it can lawfully send a notice containing such information to the Bondholders, the Agent shall be entitled, but not obligated to issue such press release.
